This is the first annual survey of the Association of Pulmonary and Critical Care Medicine Program Directors (APCCMPD). Our goal is to track important trends in fellowship administration, training, and staffing in our field, and report the findings to membership. Please take a few minutes to complete this anonymous 19-question survey.

Comments:
   • The RRC gets more and more onerous every year;
   • I am also the Division Chief - not enough time and I think it is a conflict to do both.
   • I just haven’t had anyone who is 5 years out of training with sufficient objectivity to take it over yet.
