## Surveys Results

### Annual Member Benchmarking Surveys

Annually, the APCCMPD surveys P/CCM Program Directors in Program Directors can evaluate their own Fellowship.

To maintain relevancy, some questions are changed each year of interest to members. Many of the questions remain the same

TOPIC 1

# **PROGRAM CHARACTERISTICS**

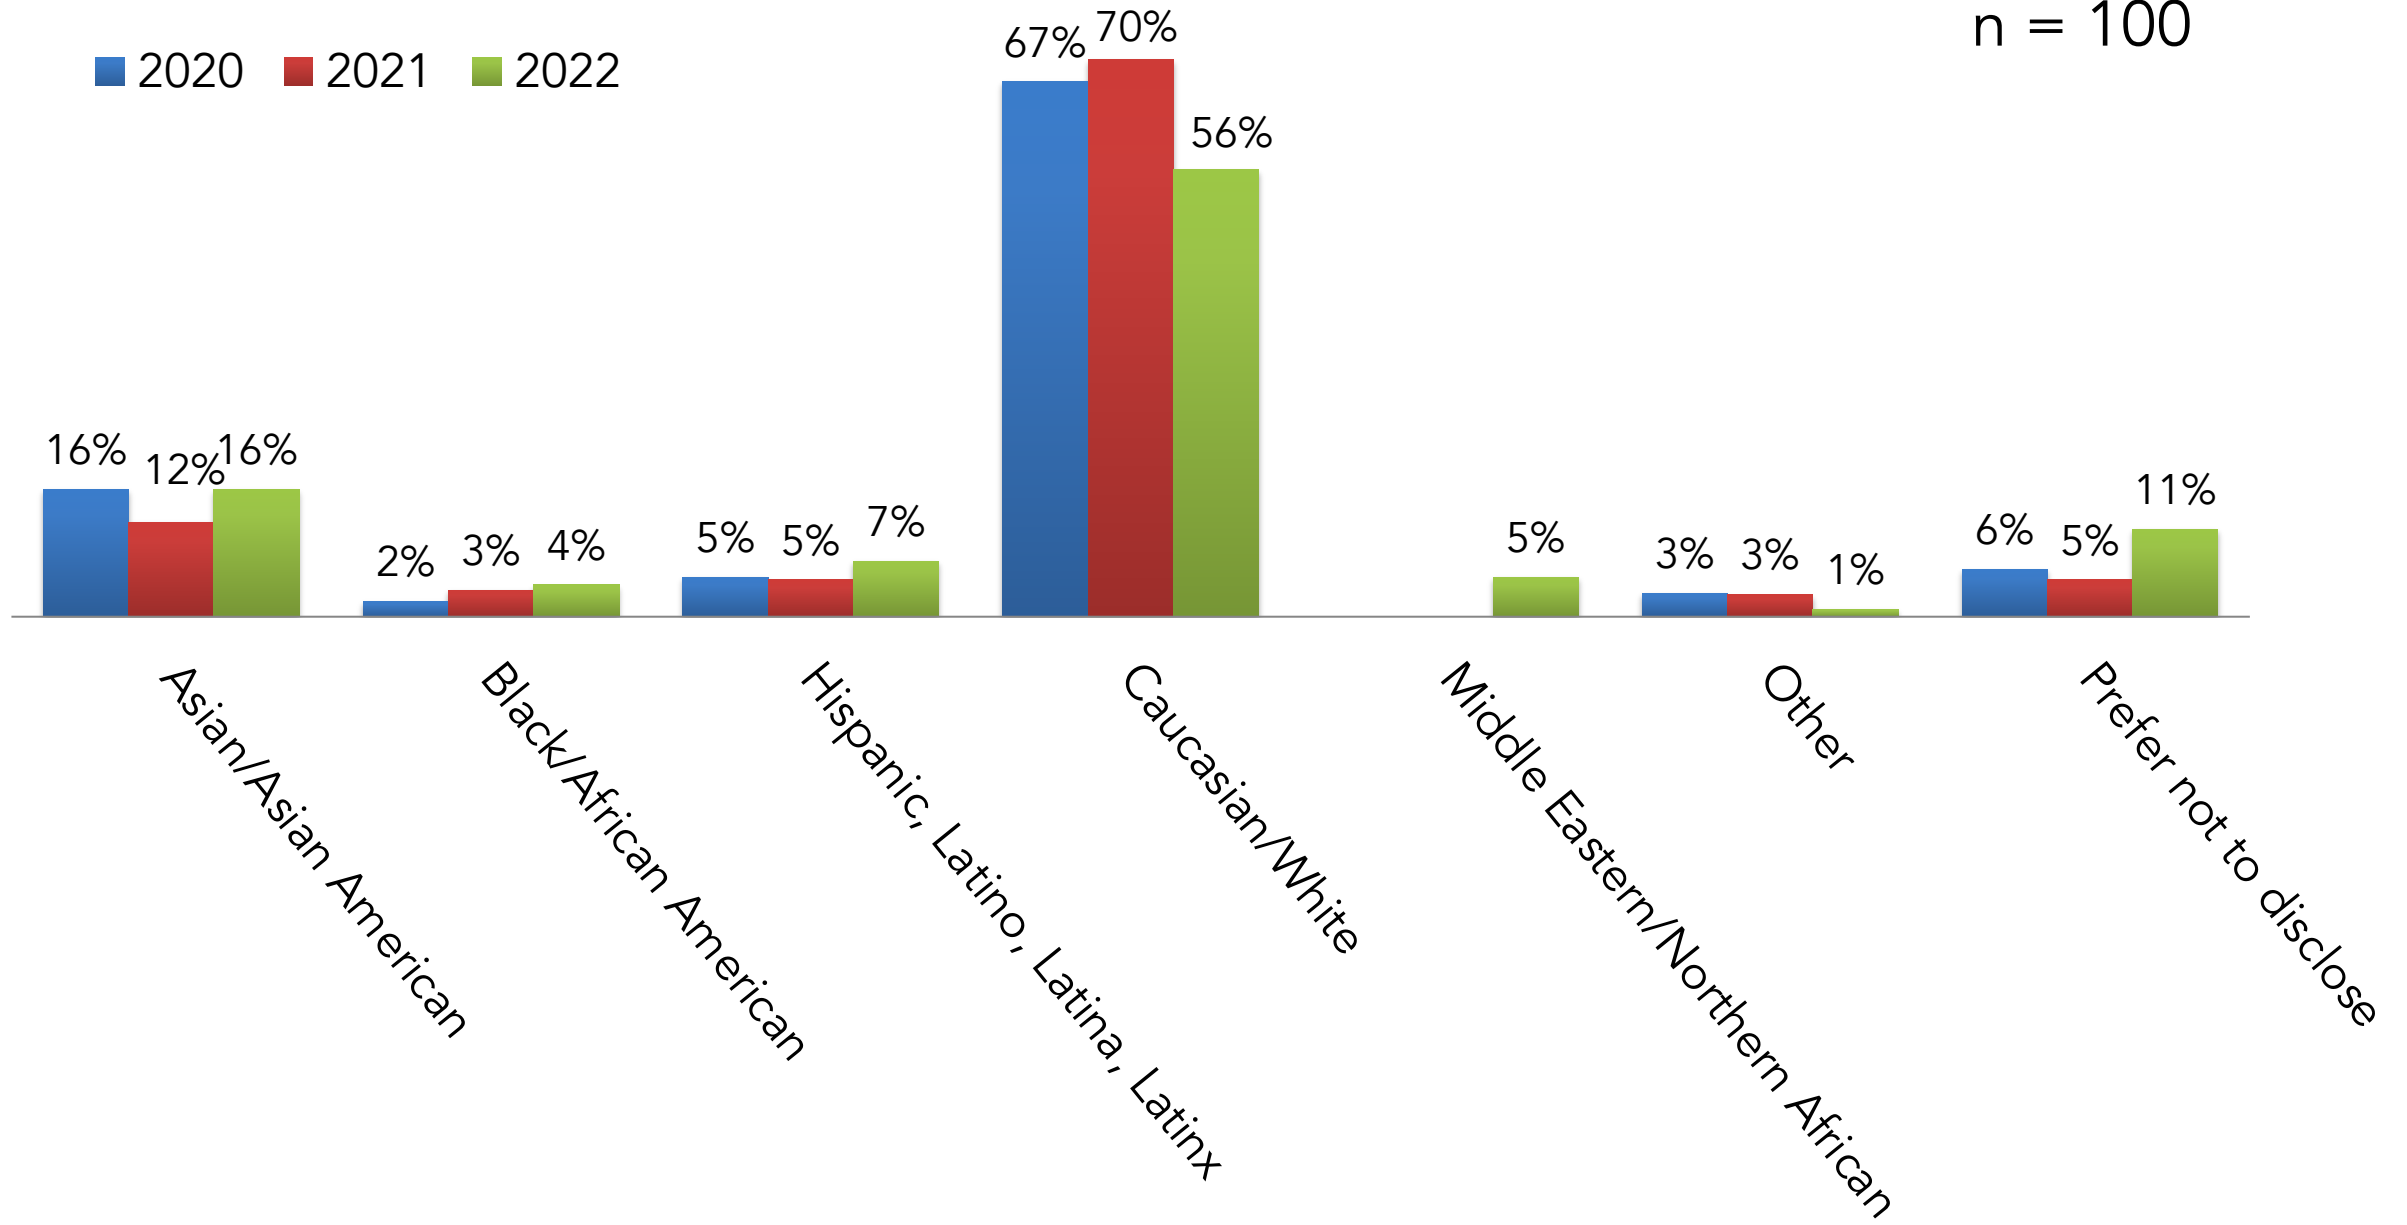

# Gender of respondents

n = 100

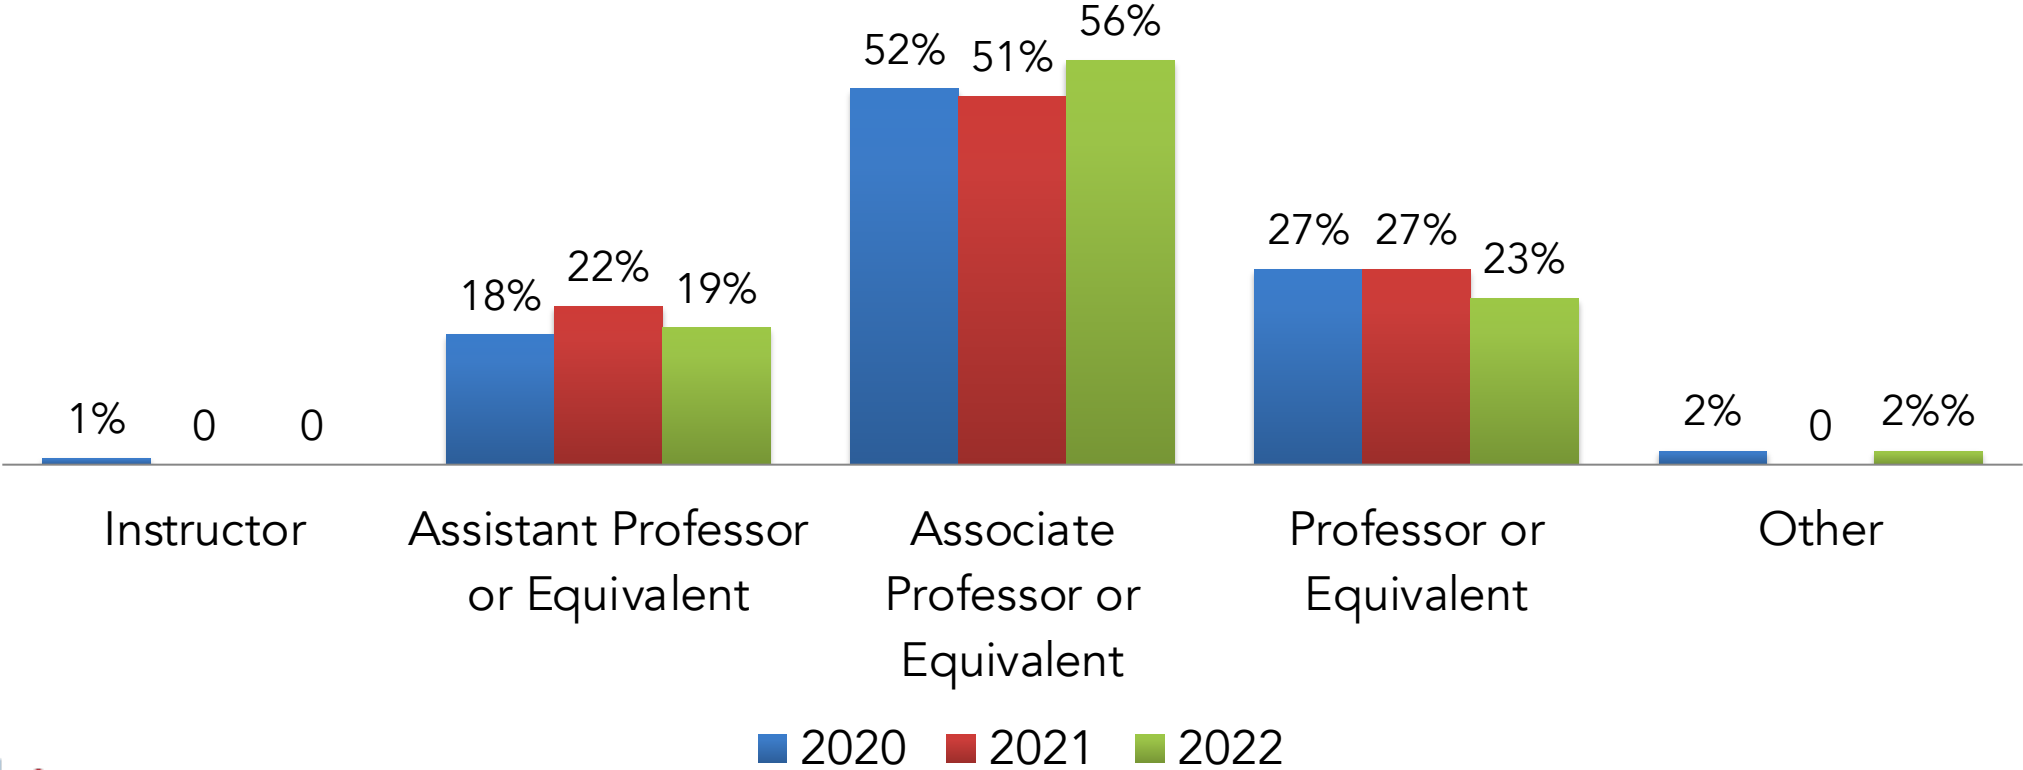

# Self-identified race of respondents

n = 100

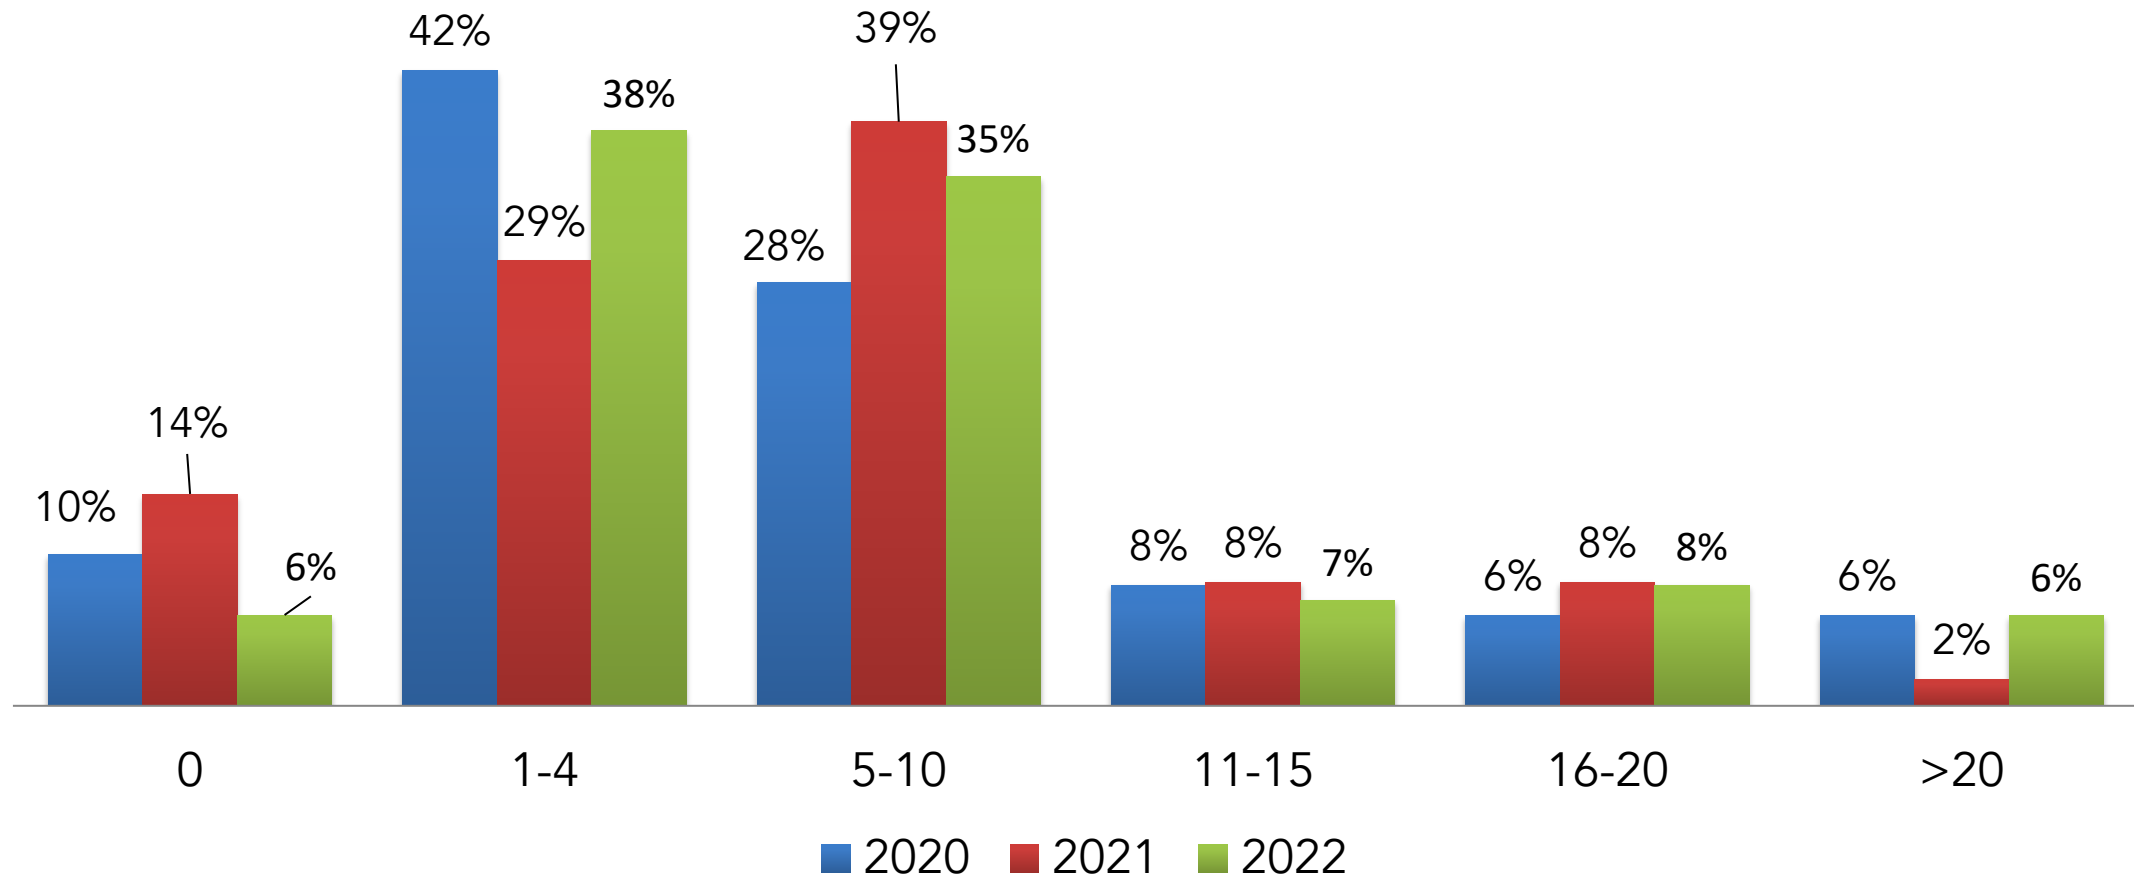

# Academic rank of respondents

n = 100

# Years in PD position

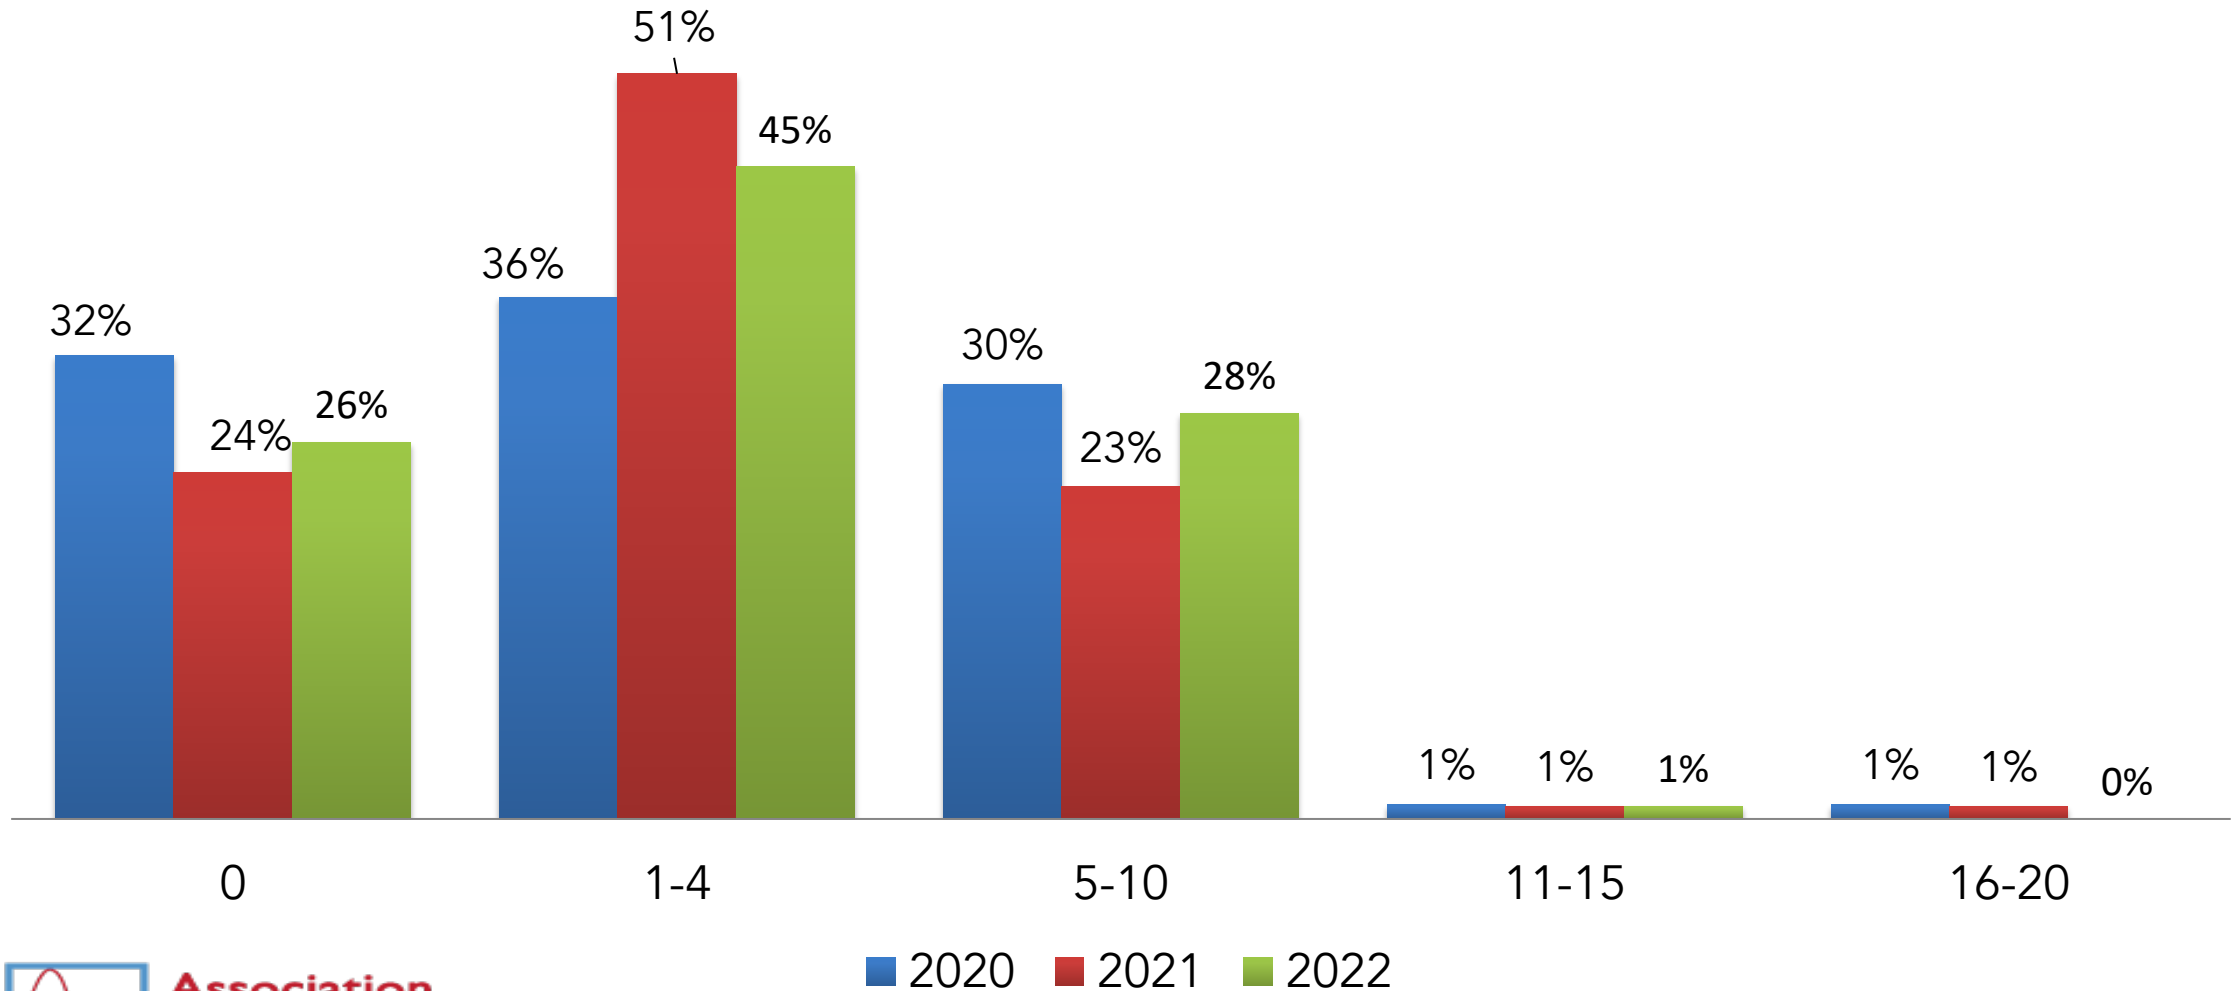

n = 100

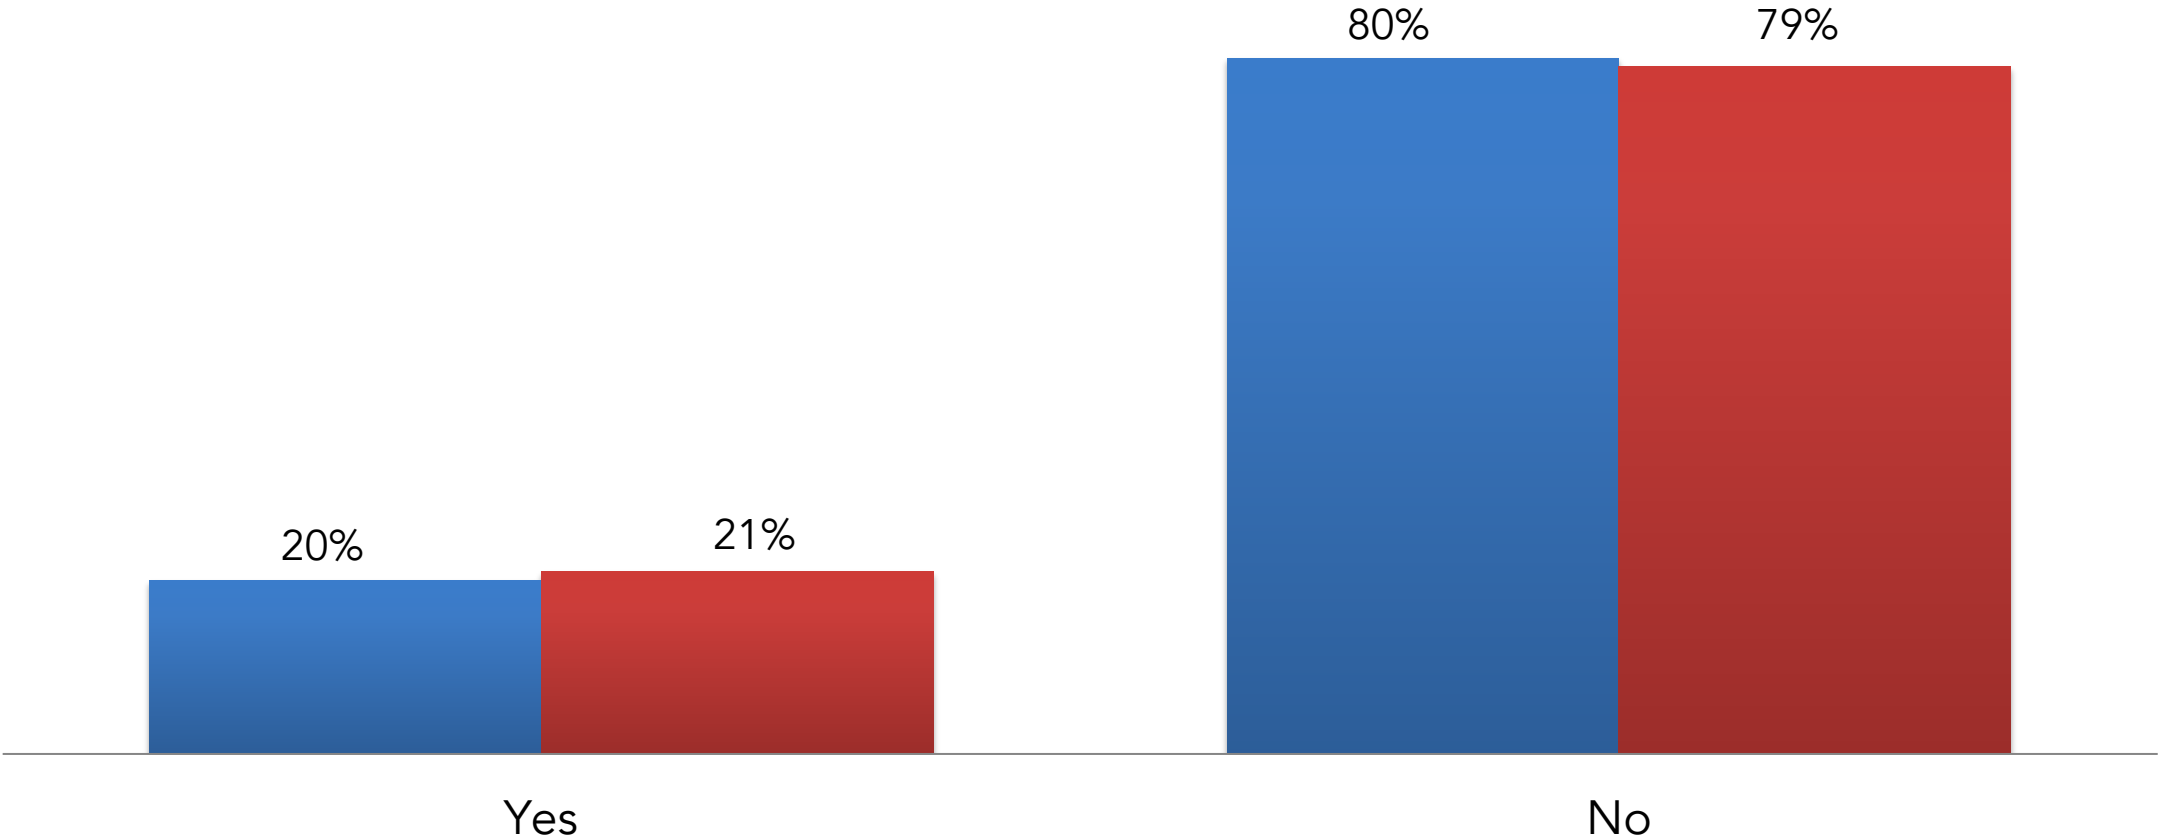

# Years in APD position prior to becoming PD

n = 100

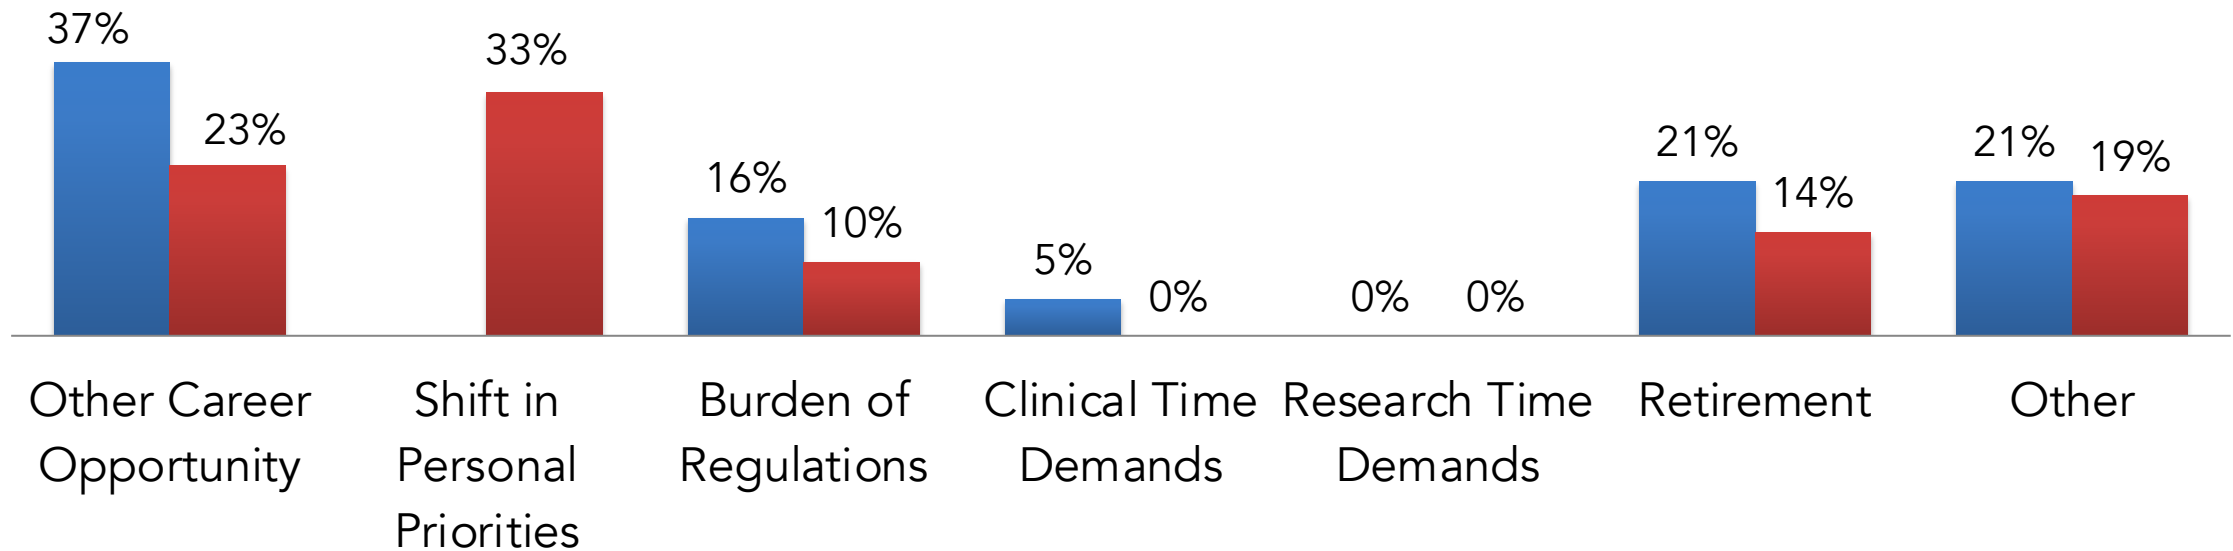

# Plan to step down in the next 2 years (PDs)

n = 109

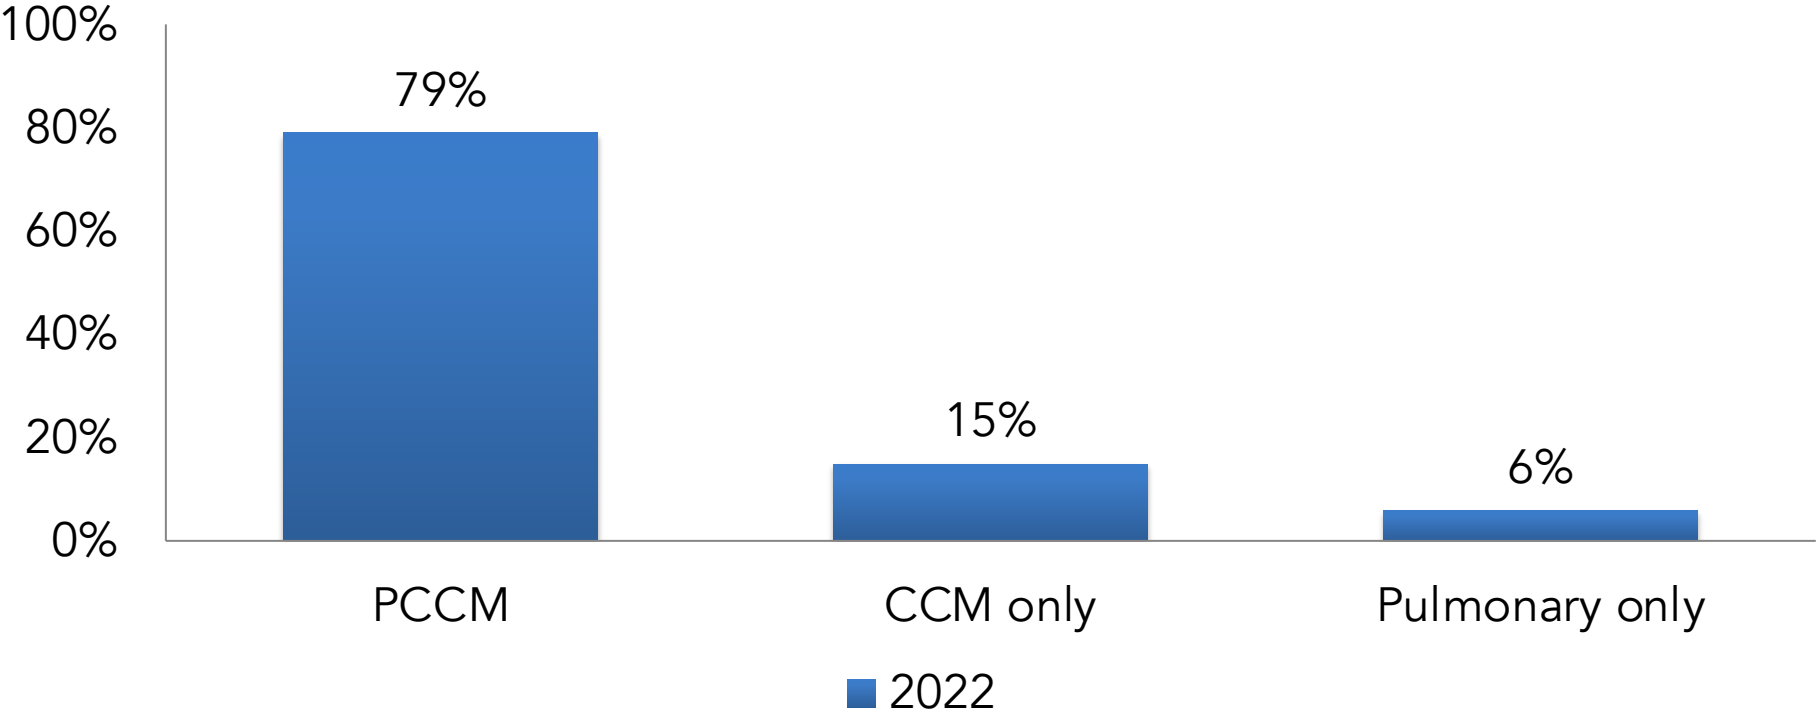

# Reason for stepping down (PDs)

n = 100

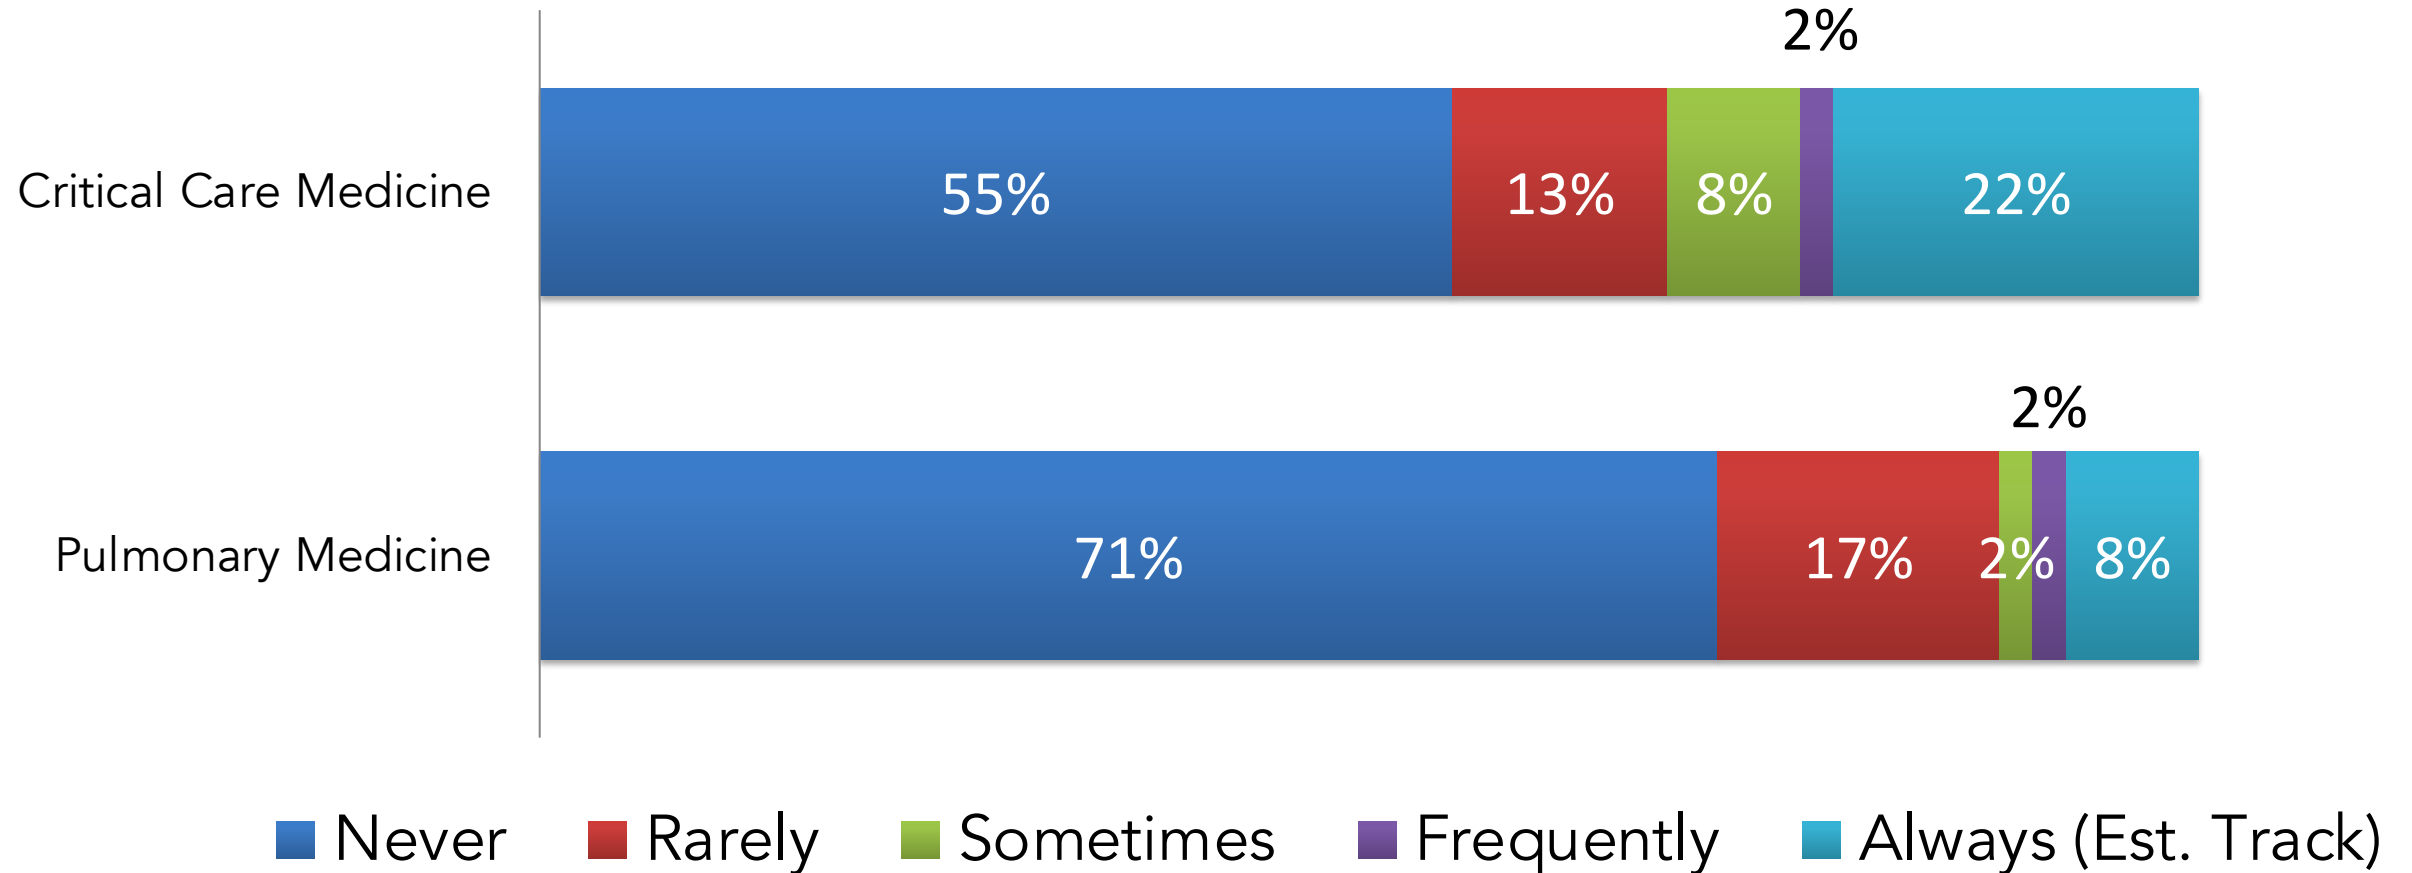

# Program Type

n = 107

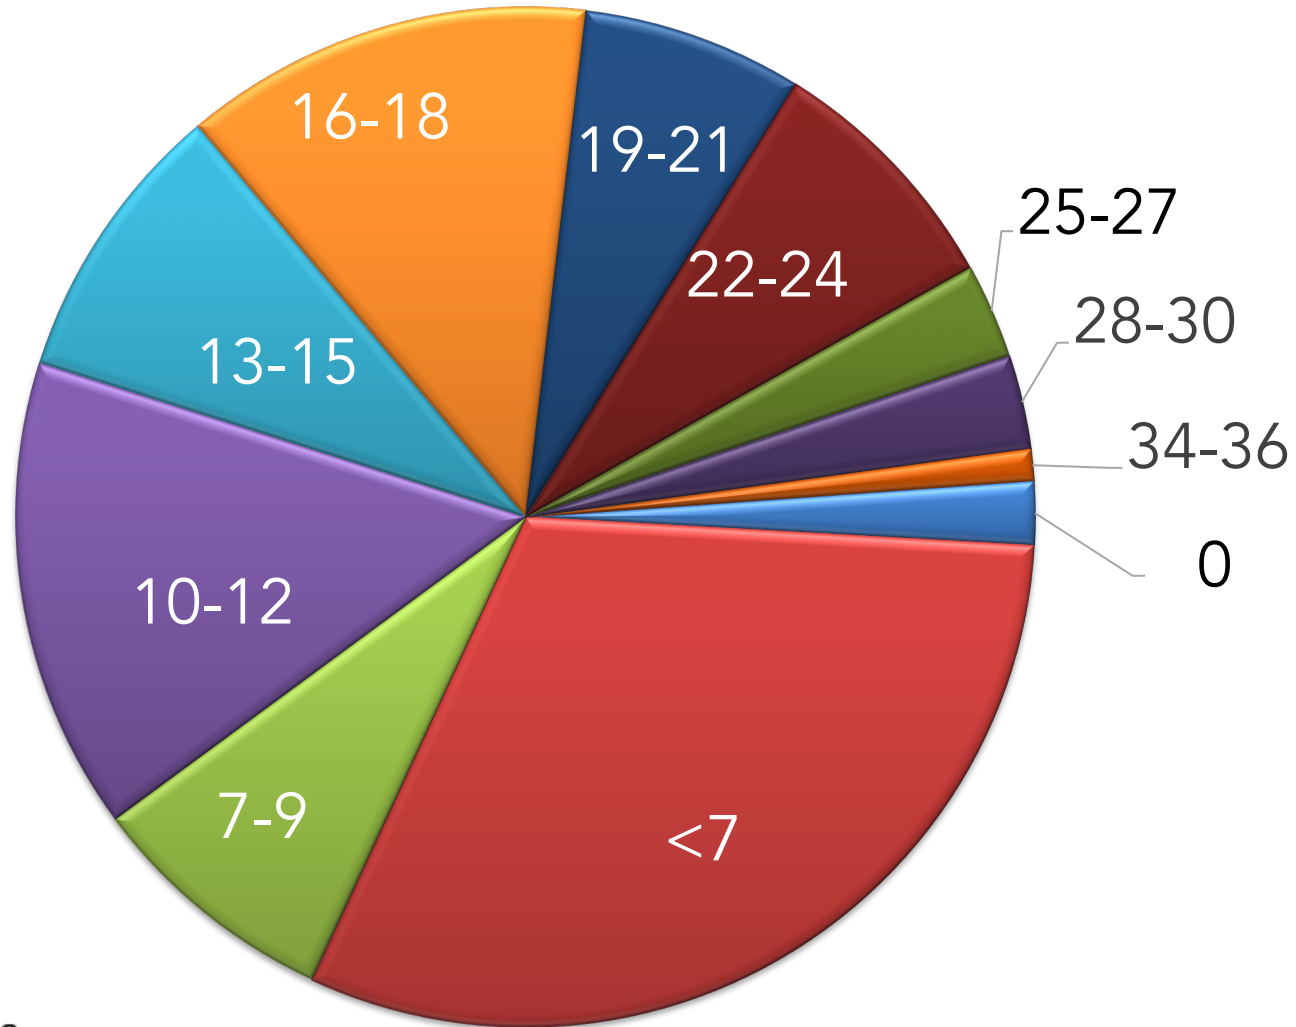

# Combined PCCM fellowships, how often have you offered occasional positions

n = 97

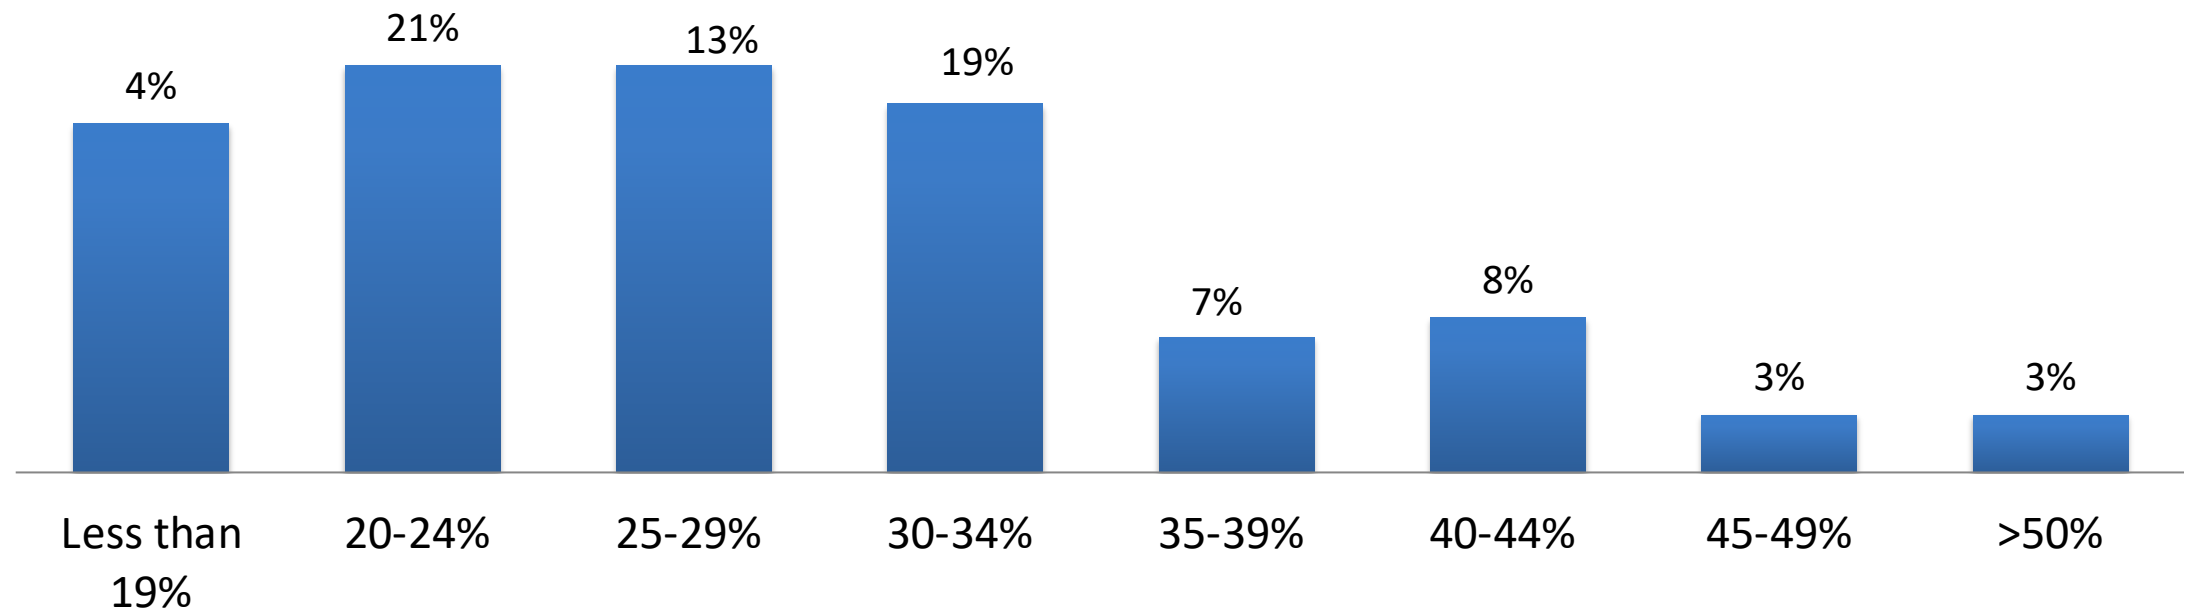

# Total Number of Fellows in Program

n= 107

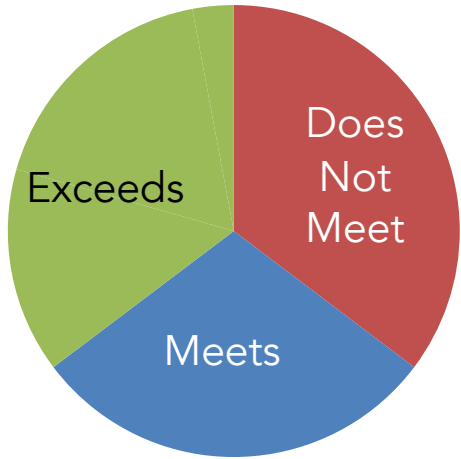

# Amount salary support for role as PD

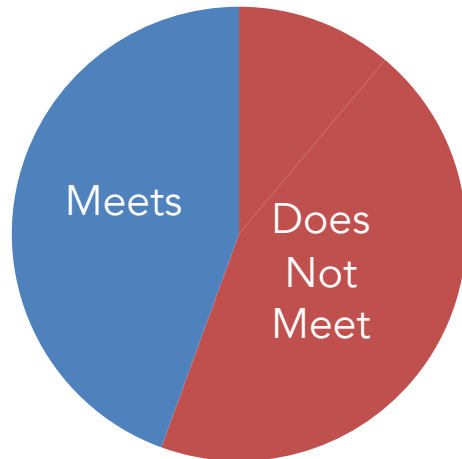

n= 107

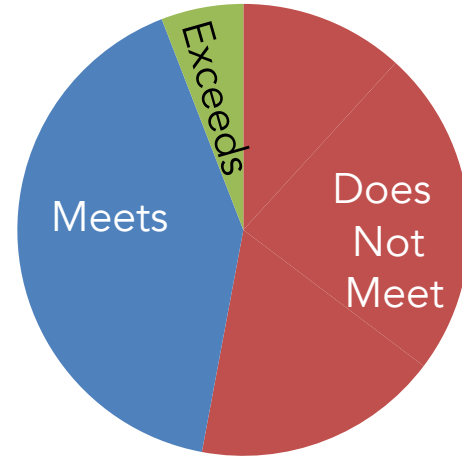

# To what extent does PD support meet ACGME requirements?

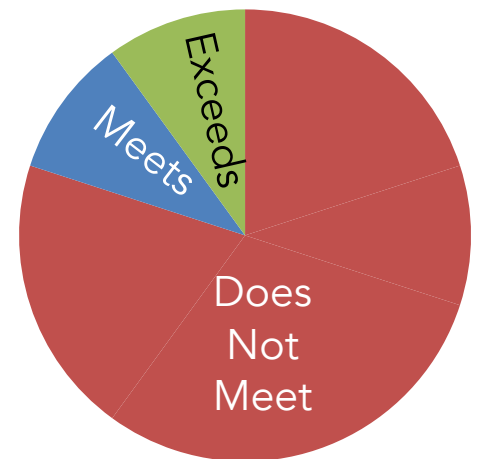

**< 7 Fellows**  
(ACGME Req: .2 Min FTE)

**7 - 9 Fellows**  
(ACGME Req: .25 Min FTE)

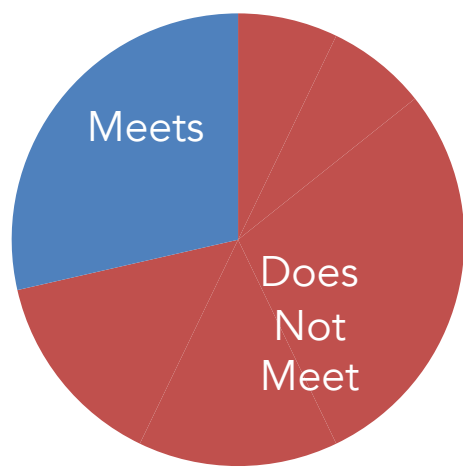

**10 - 12 Fellows**  
(ACGME Req: .3 Min FTE)

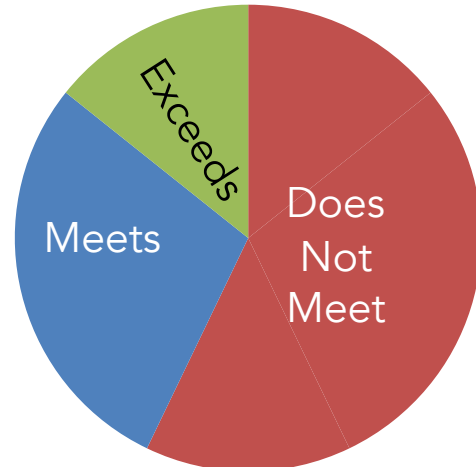

**13 - 16 Fellows**  
(ACGME Req: .35 Min FTE)

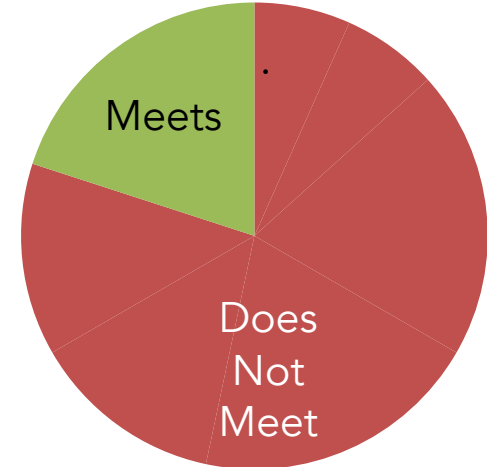

n= 107

**17 - 18 Fellows**  
(ACGME Req: .4 Min FTE)

**19 - 21 Fellows**  
(ACGME Req: .45 Min FTE)

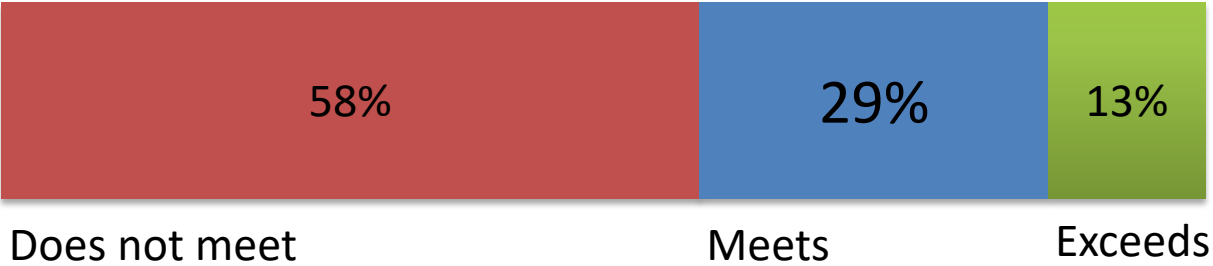

**22 + Fellows**  
(ACGME Req: .5 Min FTE)

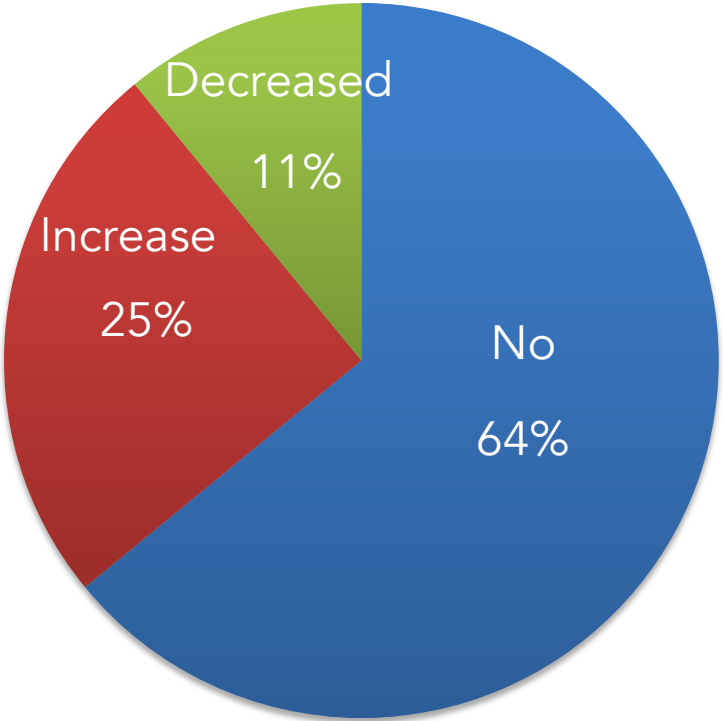

# To what extent does PD support meet the ACGME Requirements?

n=107

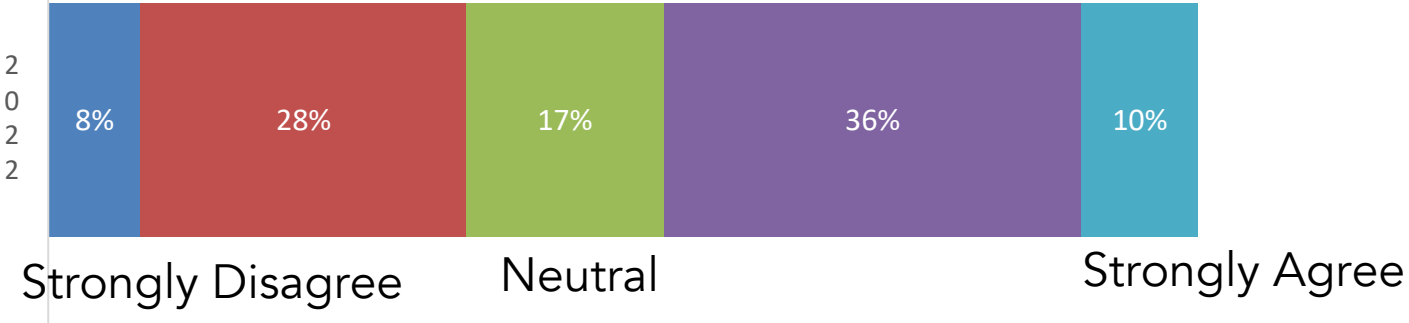

## Compliance with ACGME Requirement

## Has Support Changed

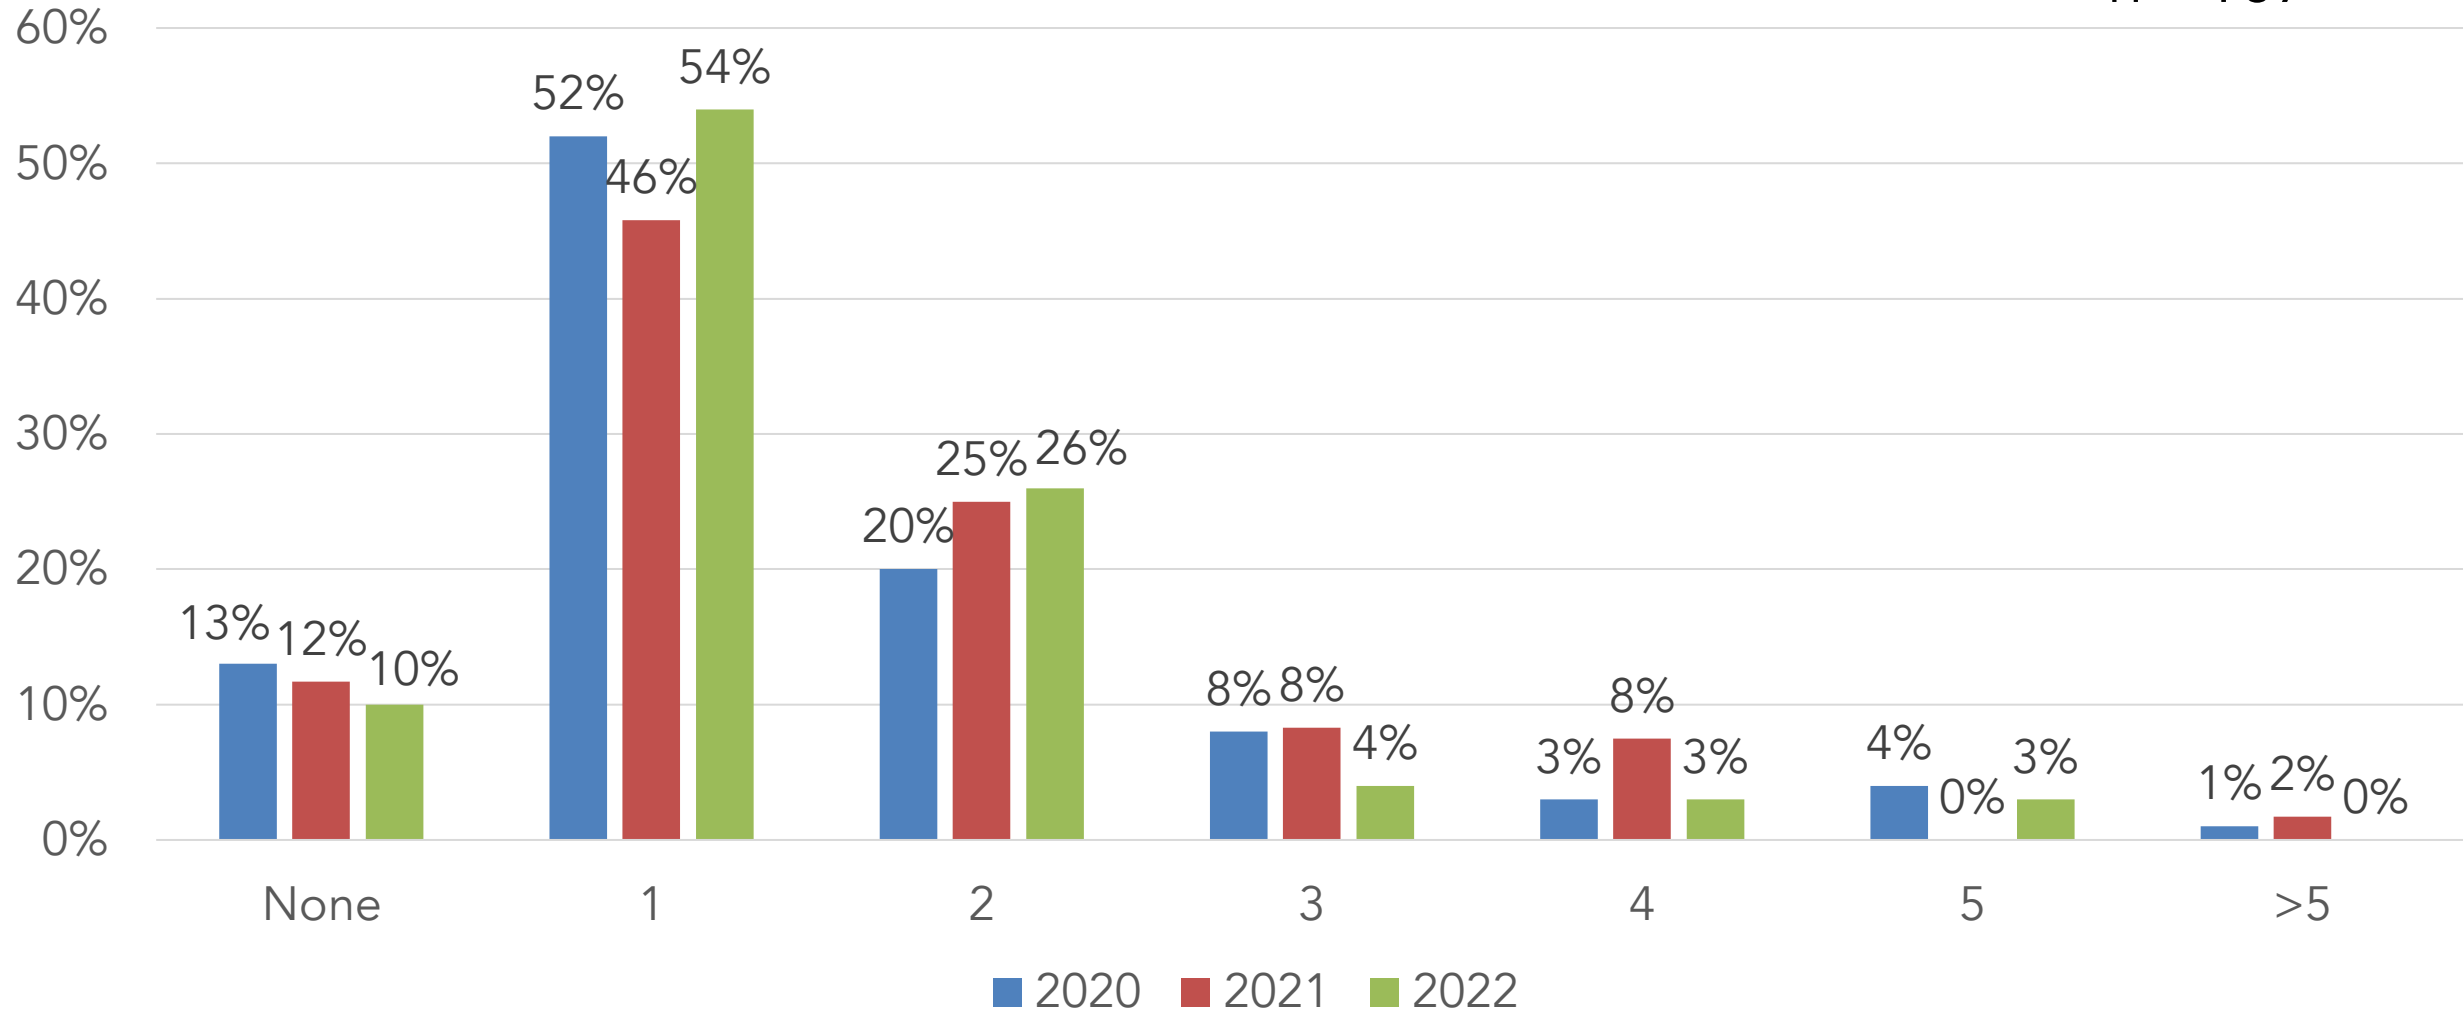

## Is support sufficient?

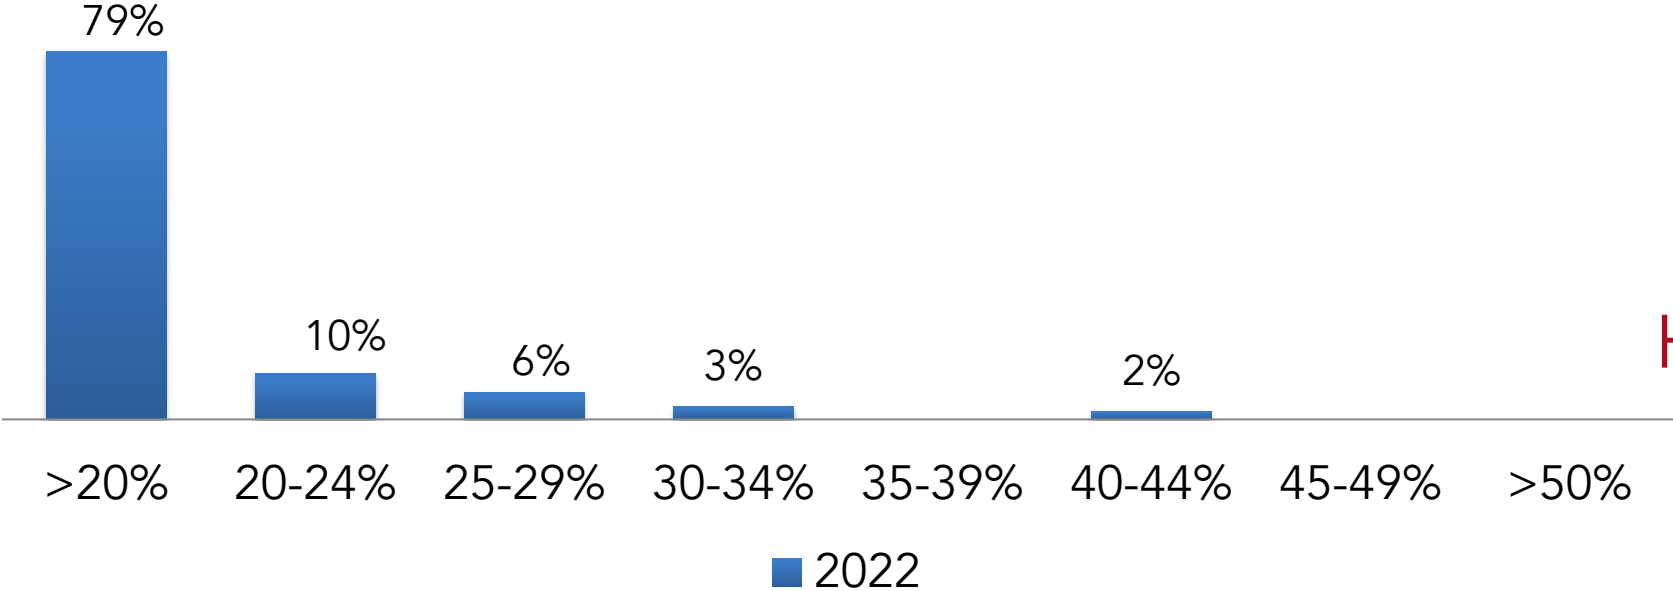

# Number of APDs for your fellowship

n= 107

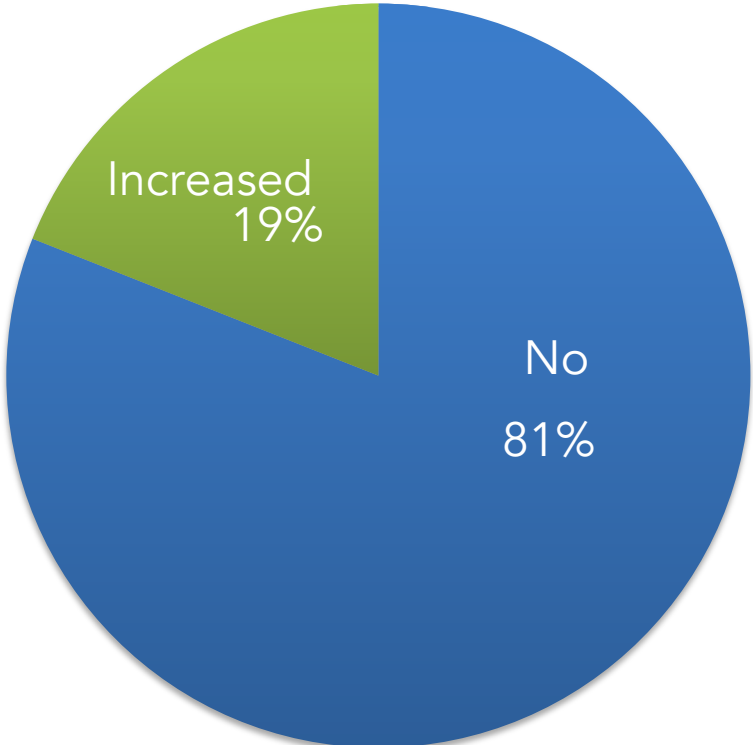

# Amount salary support for role APD

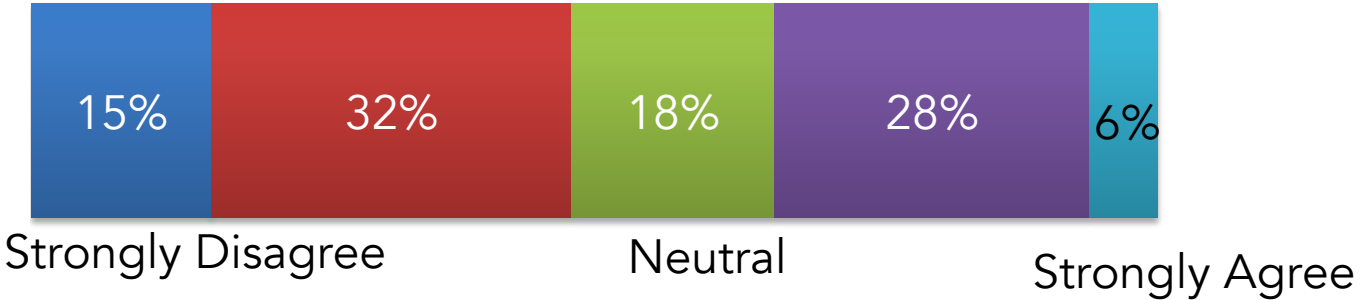

n= 94

## Has Support Changed

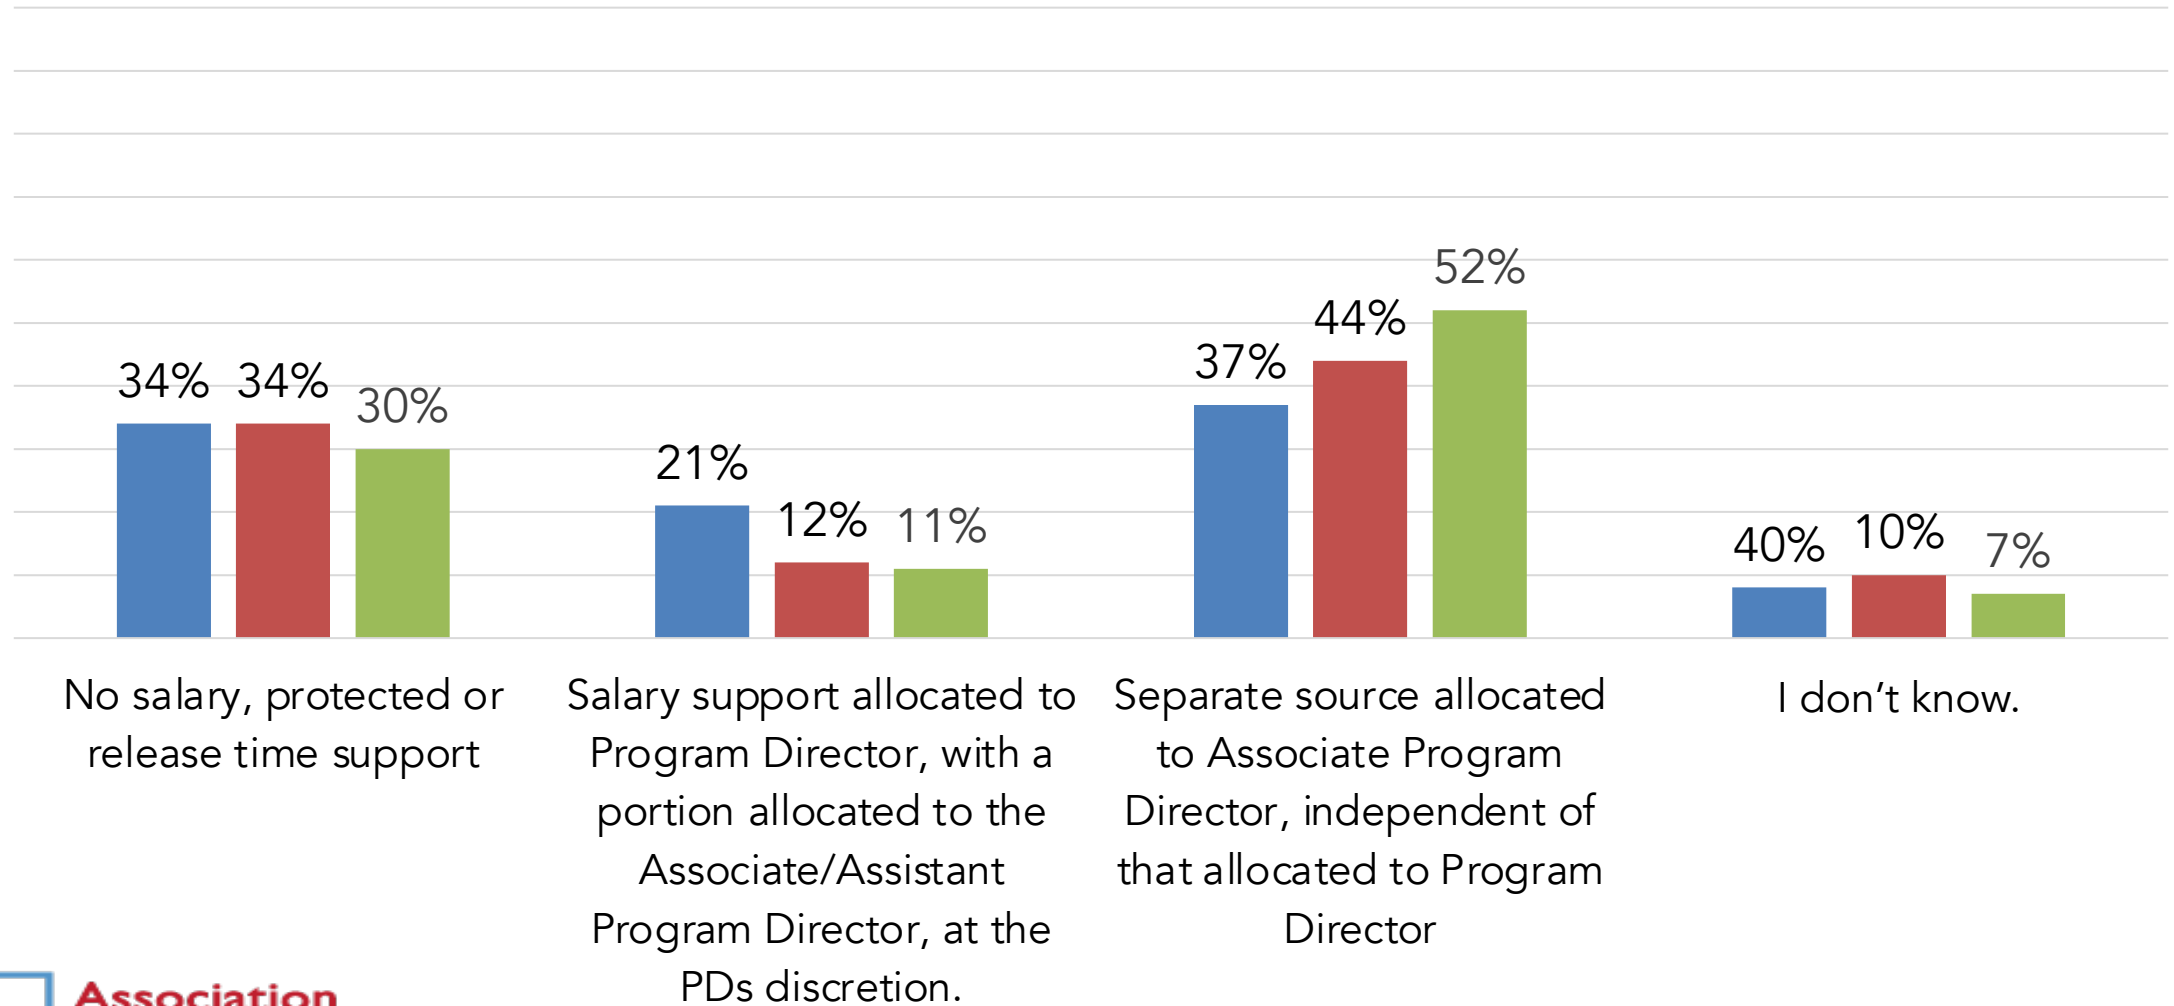

## Is support sufficient?

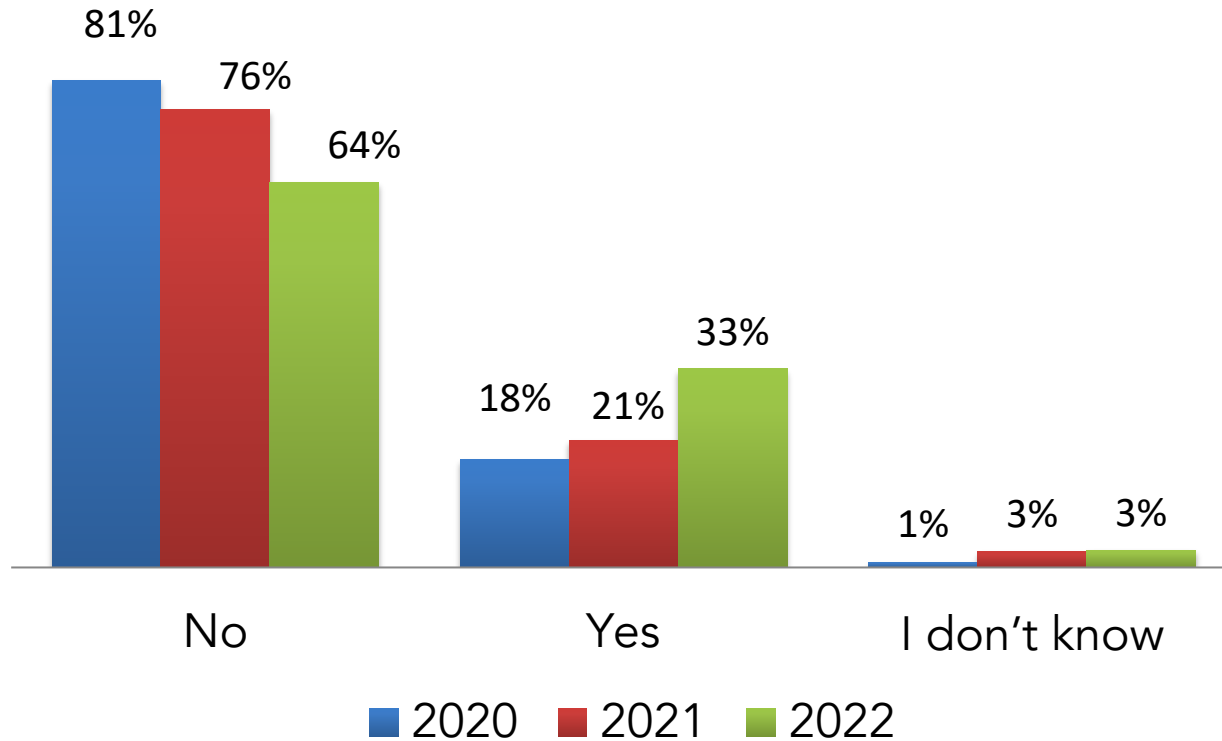

# How is the APD position funded?

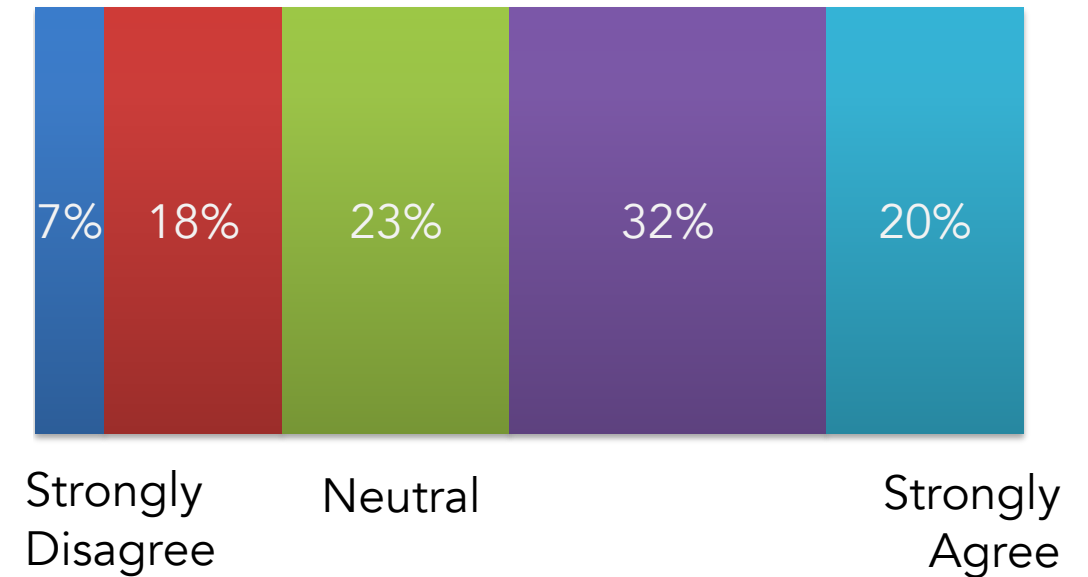

n = 94

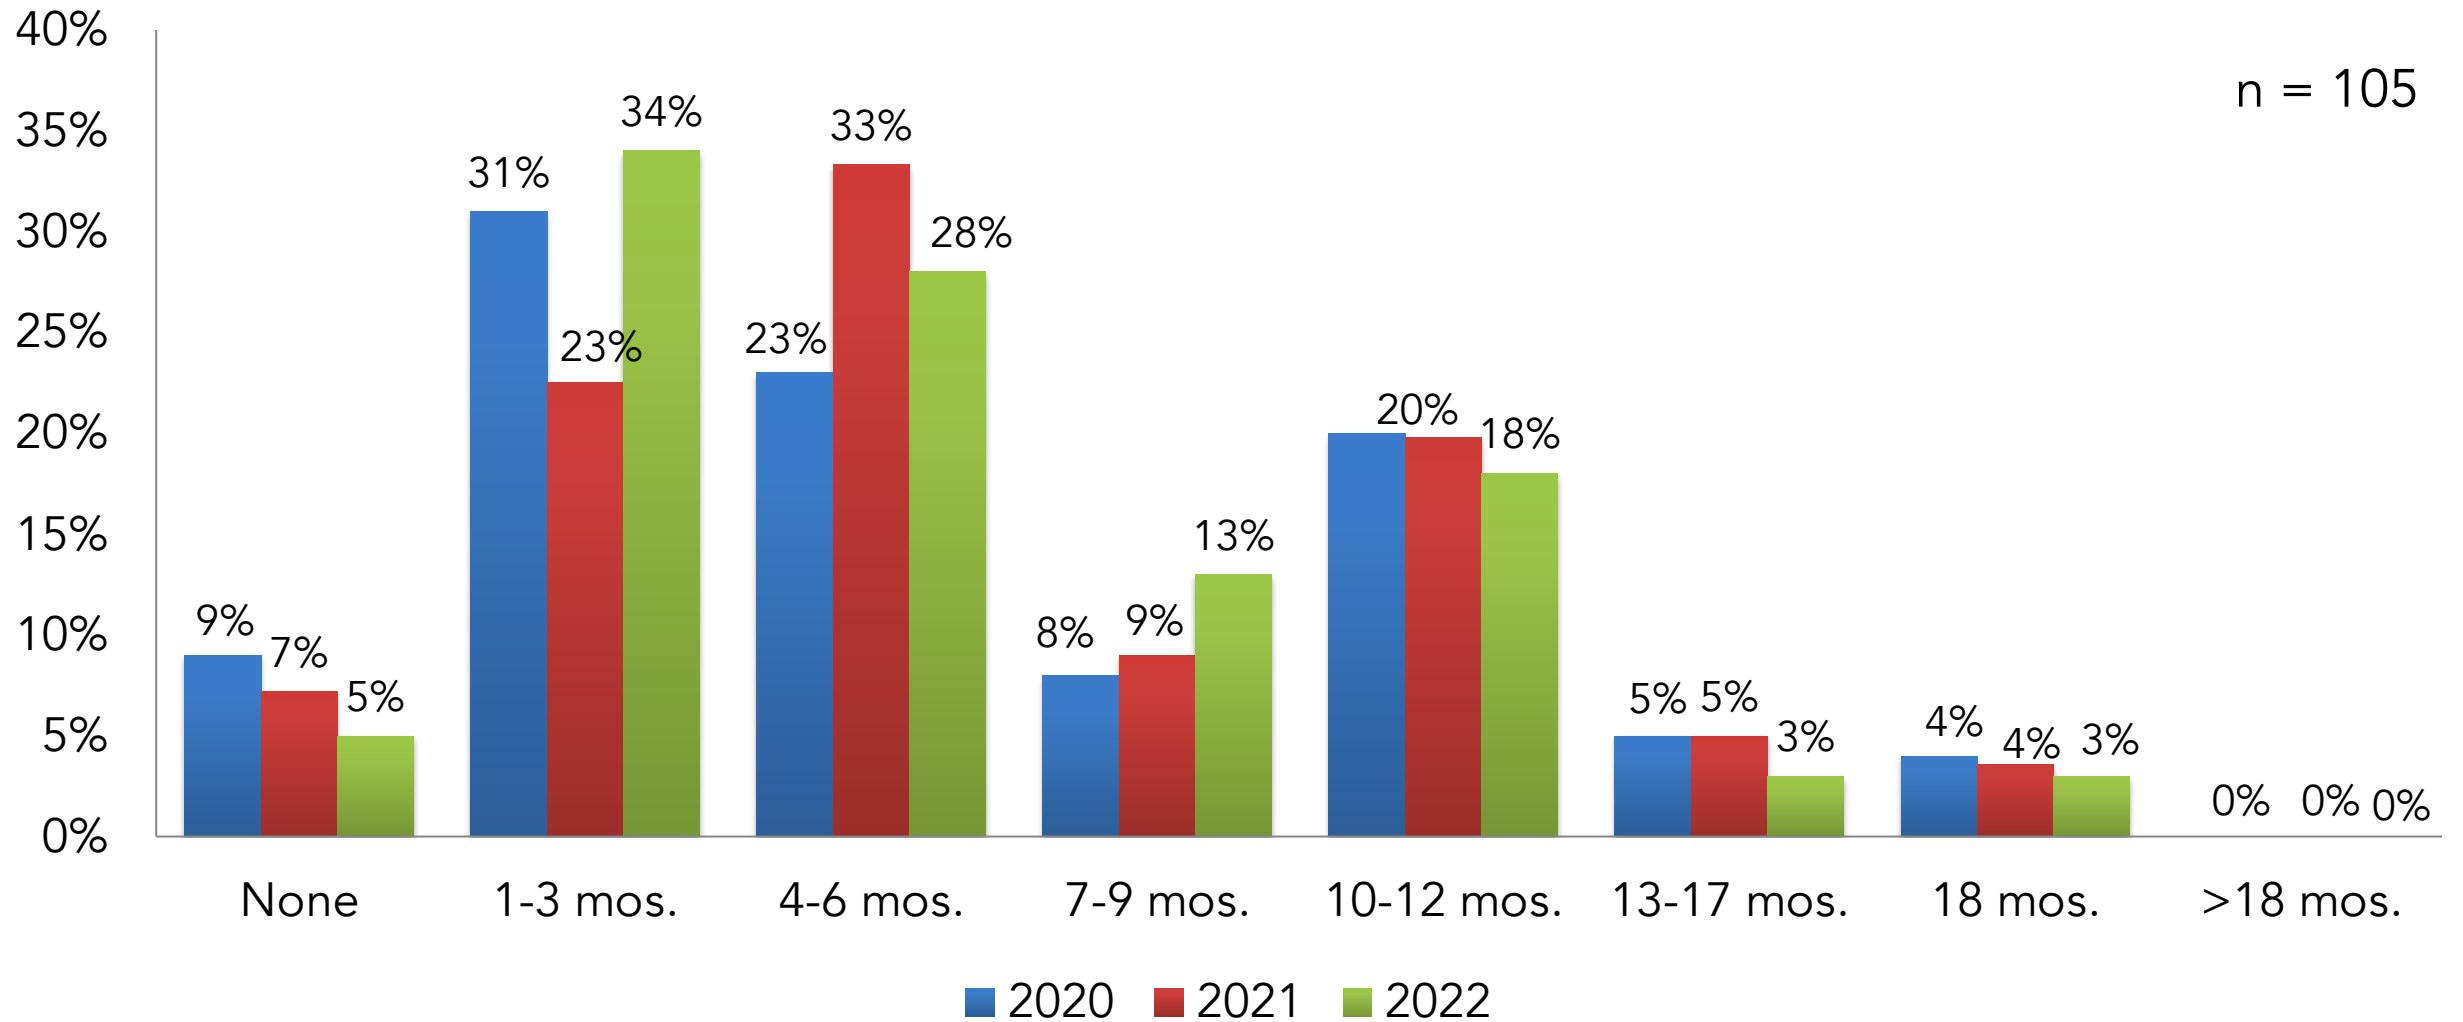

## Core Faculty receive salary/protected or time support

## Recruiting & retaining Core Faculty is difficult due to insufficient funding

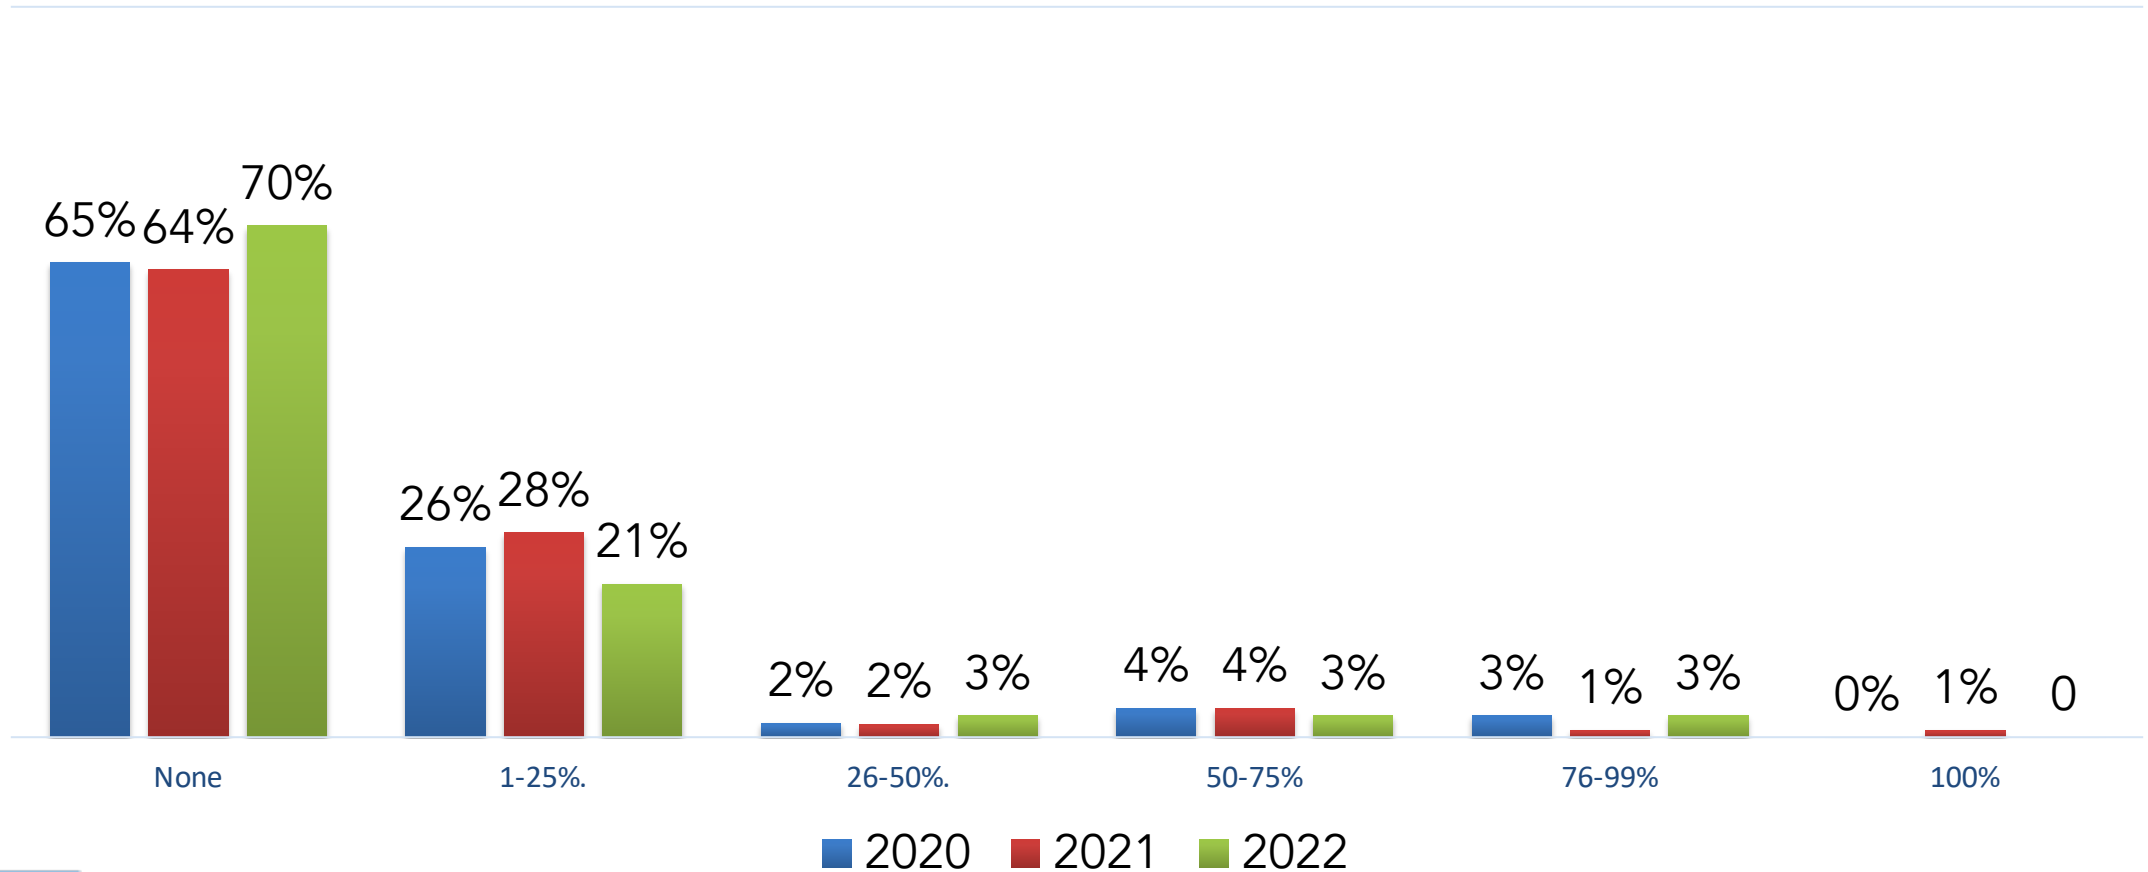

# Min. number of months of research time for fellows

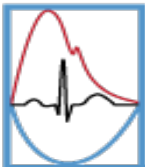

# % of fellows extend their fellowship beyond three years for additional research training.

n = 105

TOPIC 2

# ICU Staffing

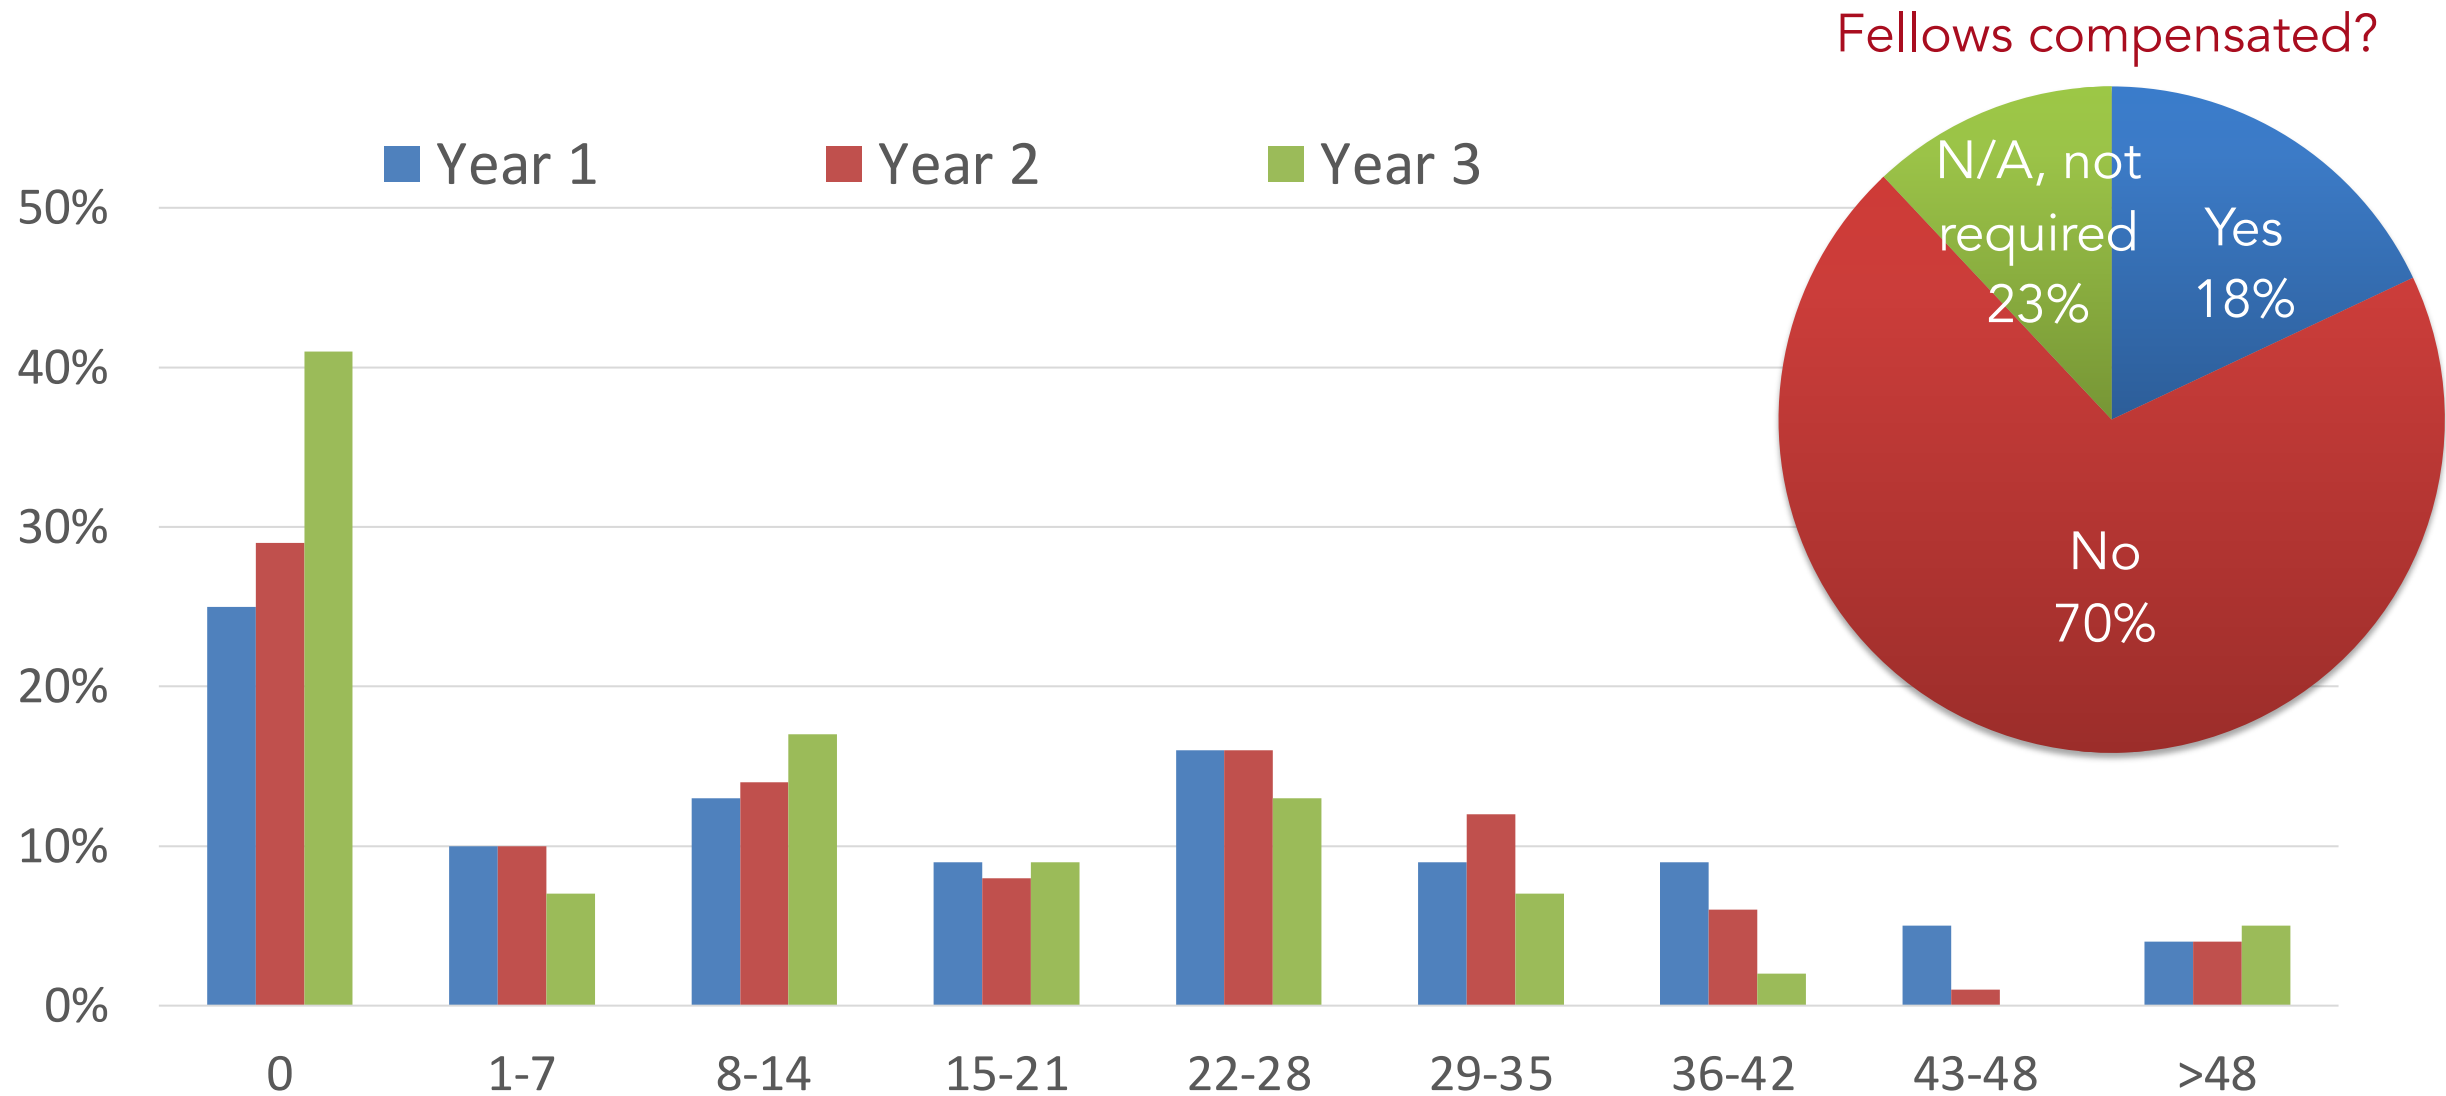

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

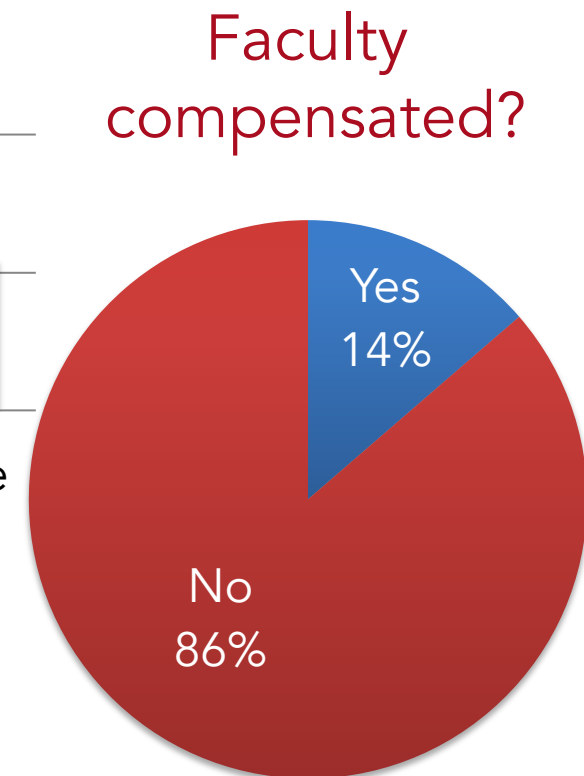

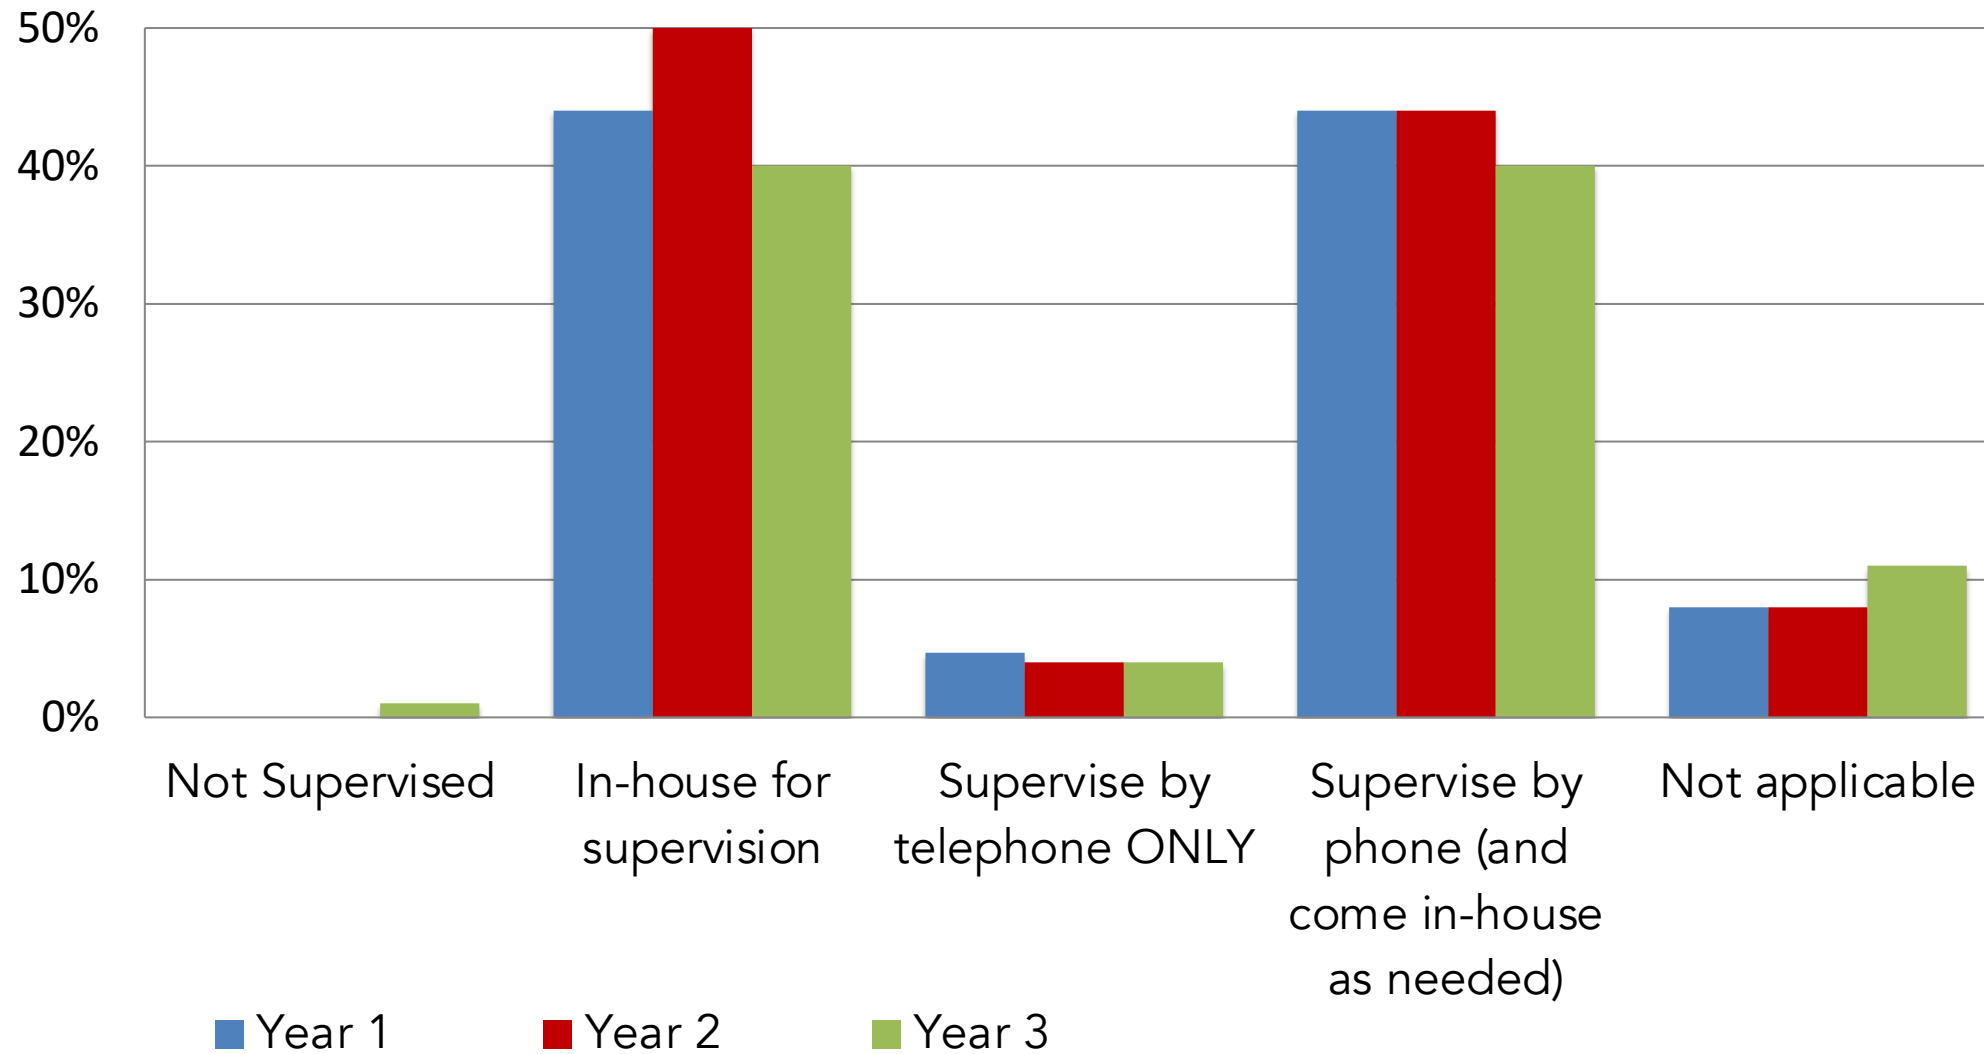

# Number of required in-house nights for fellows annually

n = 104

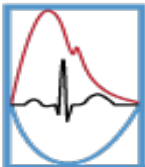

# How do faculty supervise in-house fellows?

n = 85

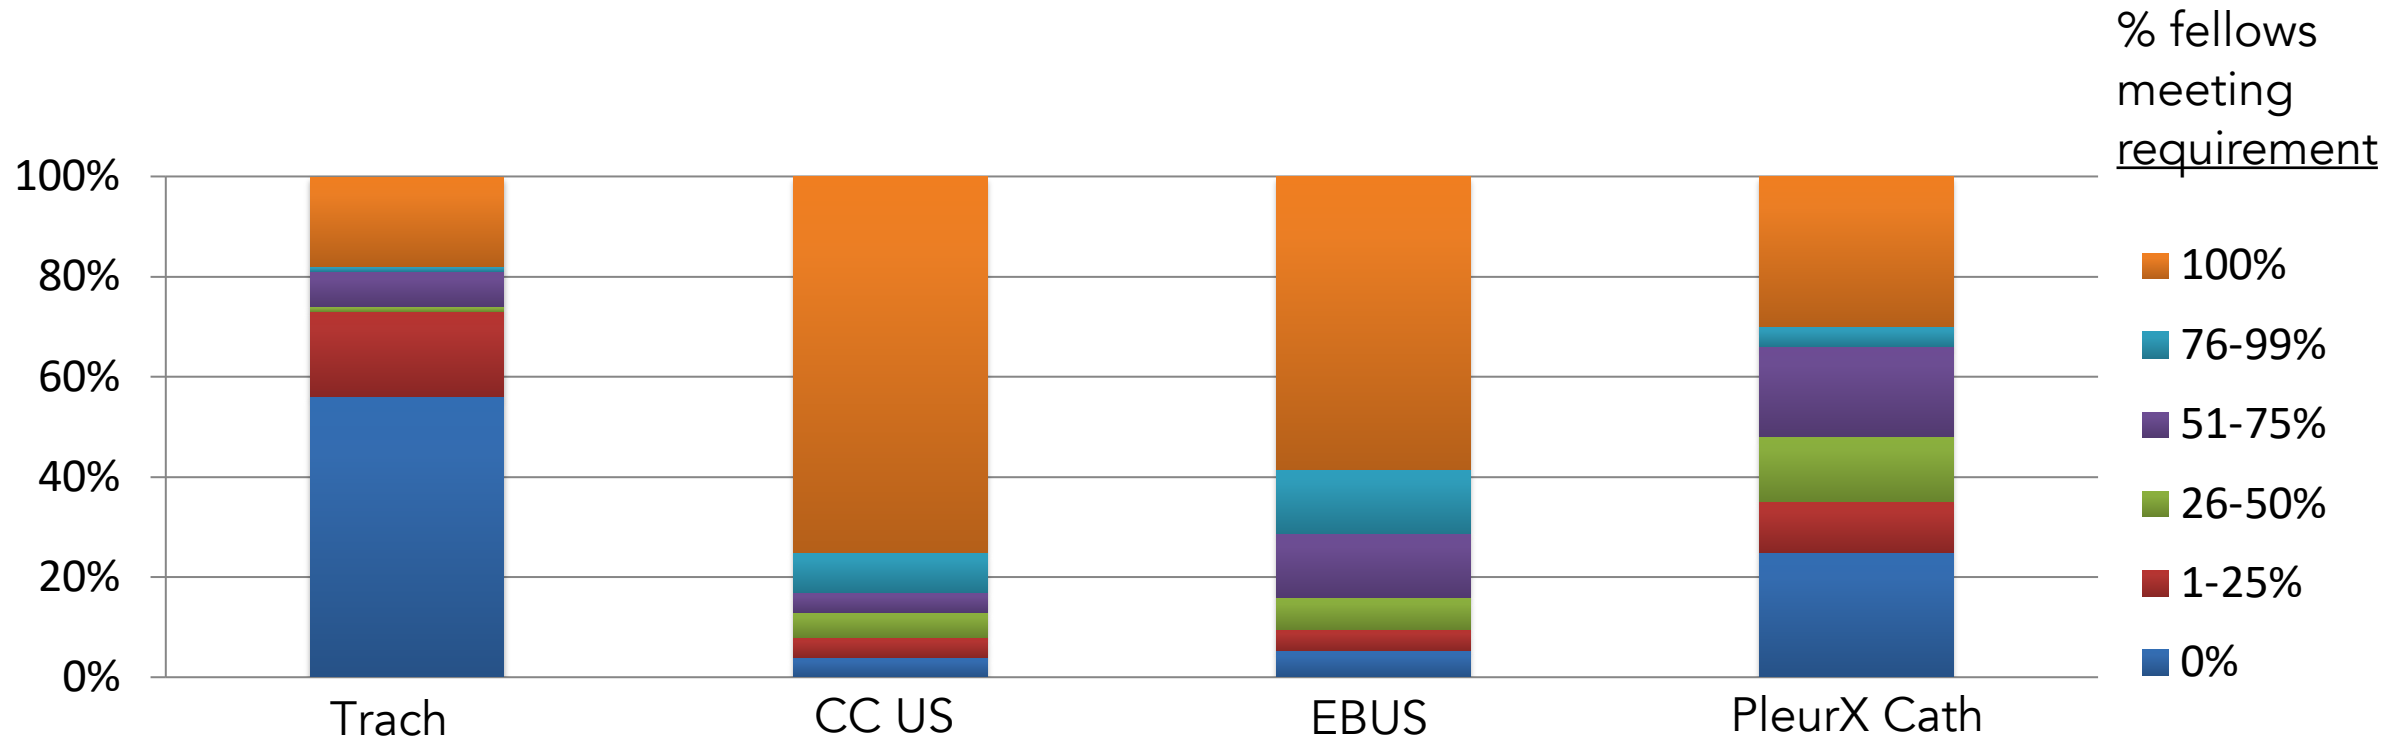

TOPIC 3

# Procedural Competency

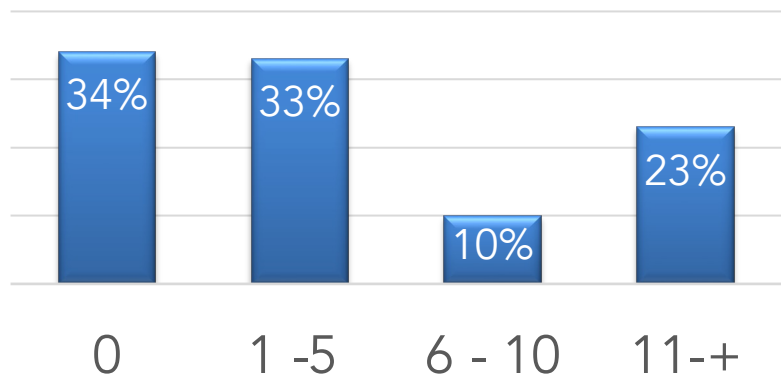

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

# Percentage of Fellows who met your Program's Standards for Performing Procedures Independently and Competently by Graduation

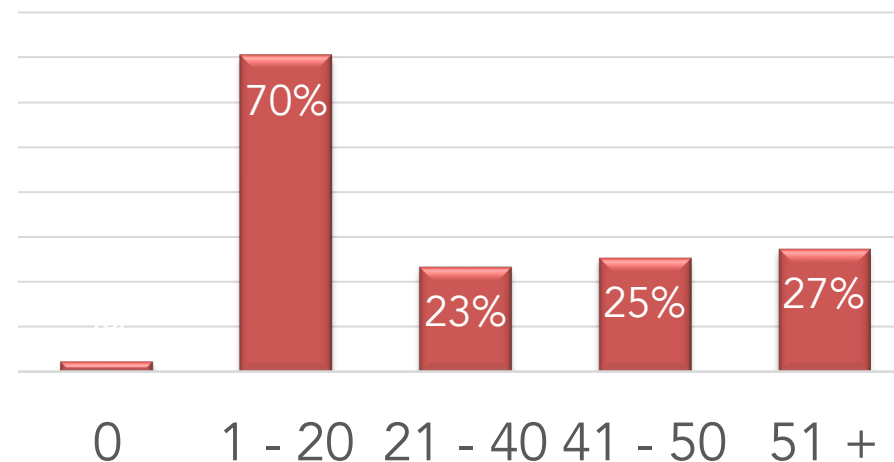

# Number of Procedures Performed Over Course of Fellowship

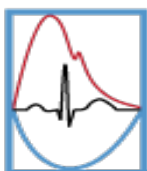

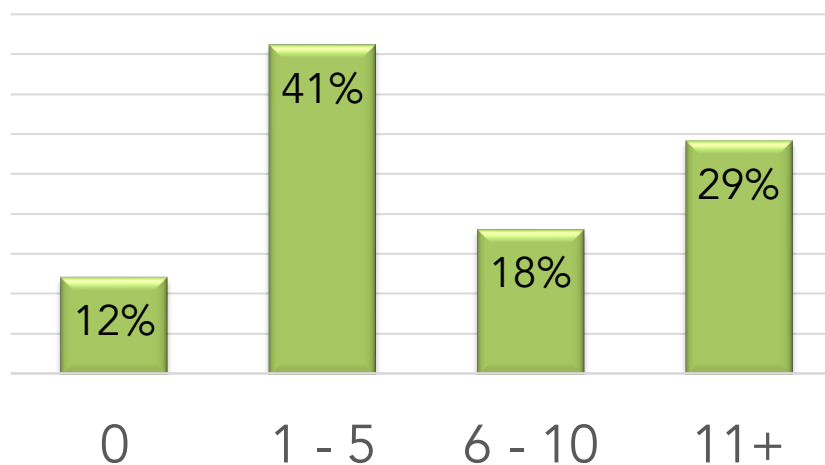

## Bedside Tracheostomy (N=95)

## EBUS (N=81)

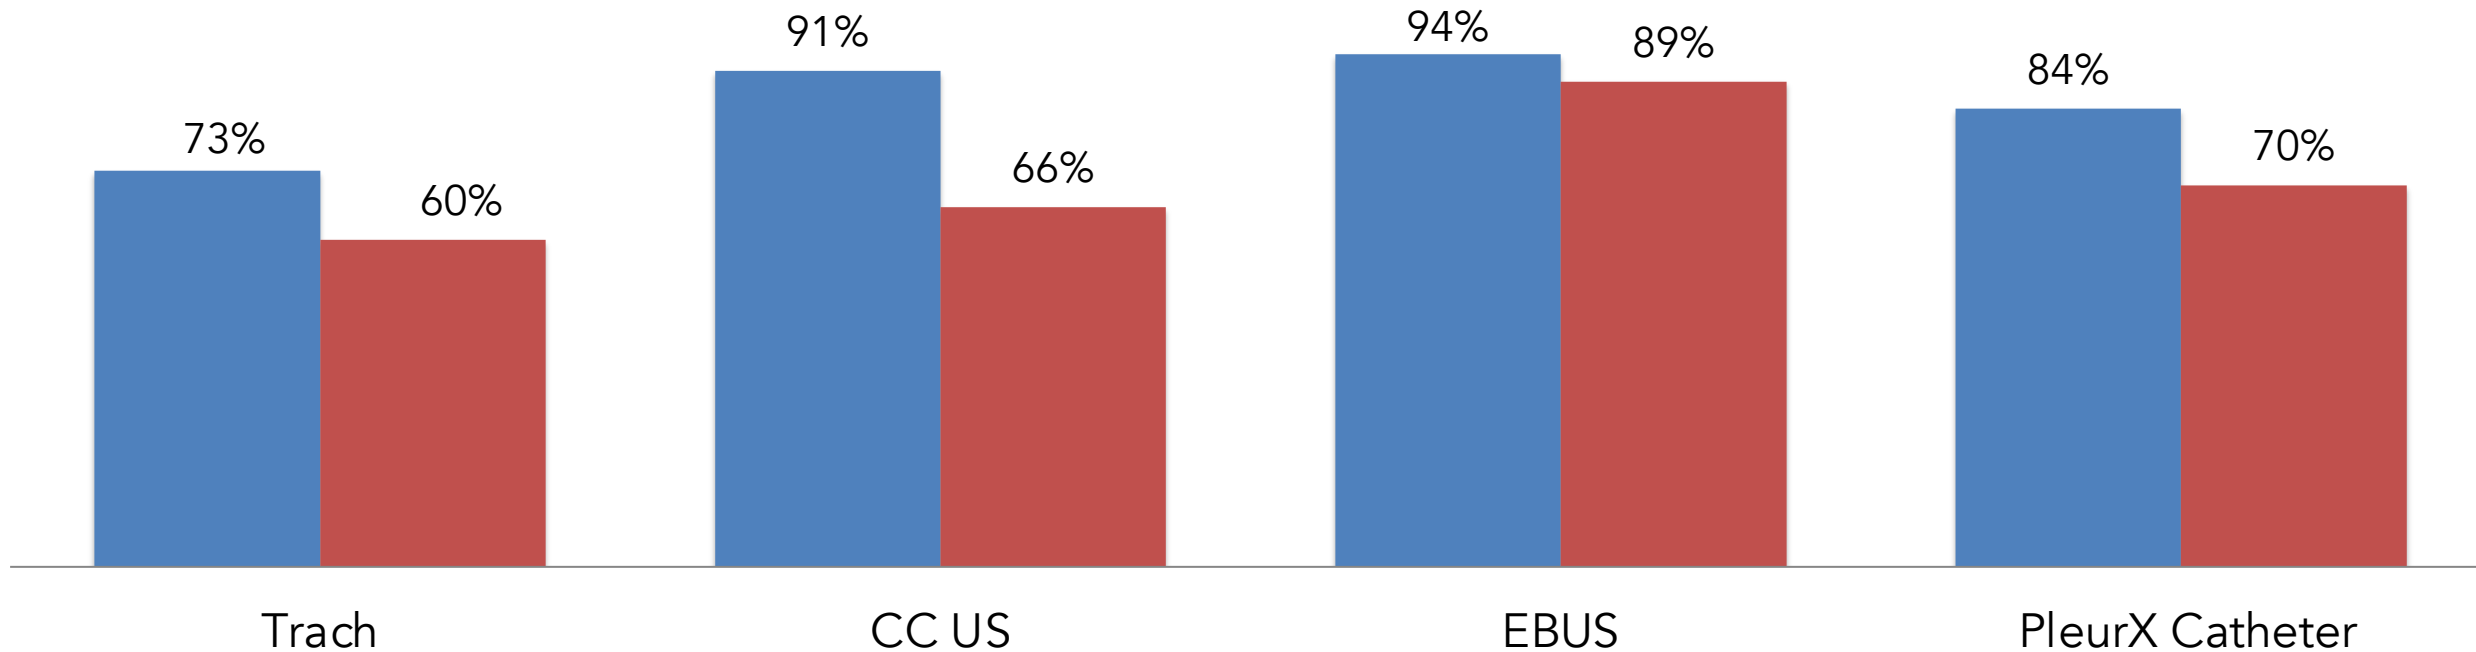

## Pleural Catheters (N=73)

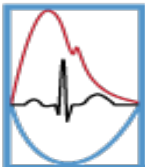

To what extent do you have faculty expertise and time to teach and supervise your fellows to achieve competent, independent performance by graduation

n=100

TOPIC 4

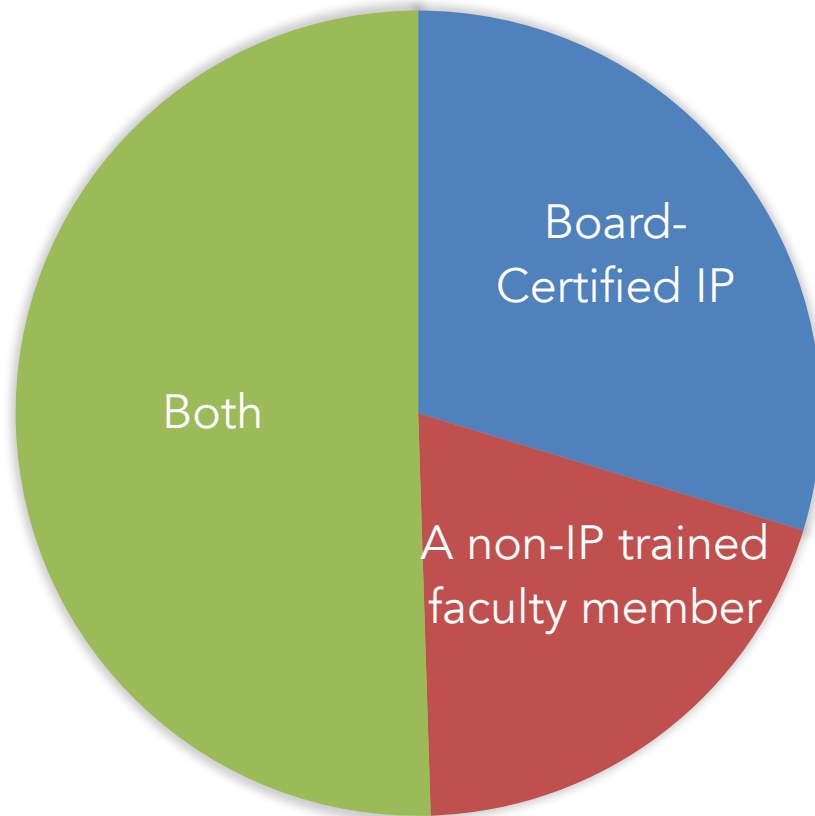

# Endobronchial Ultrasound

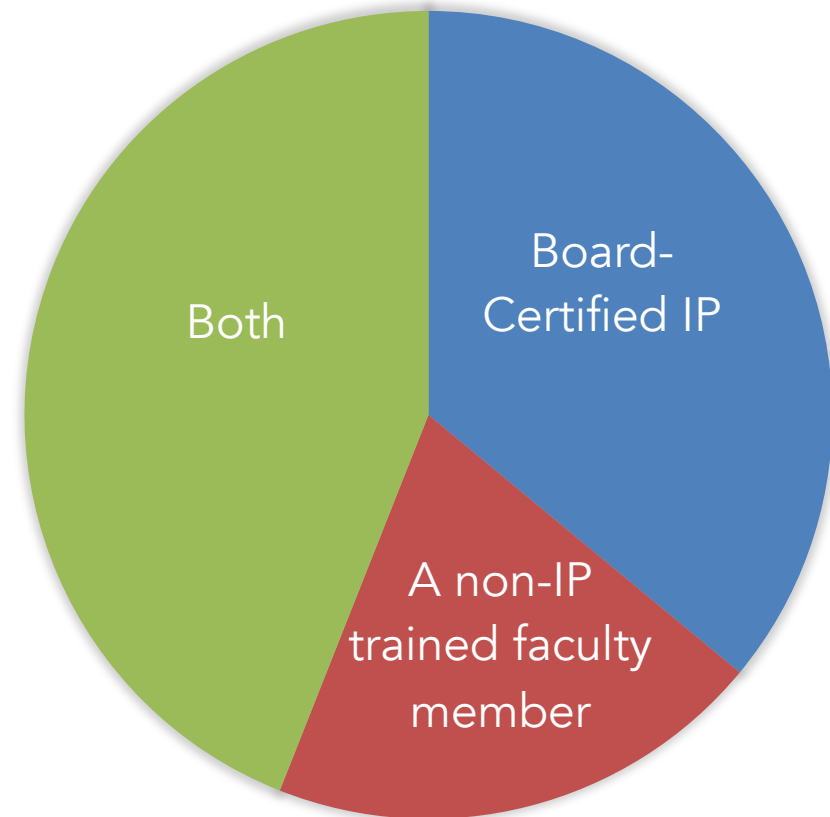

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

## Who trains your fellows in EBUS?

n= 81

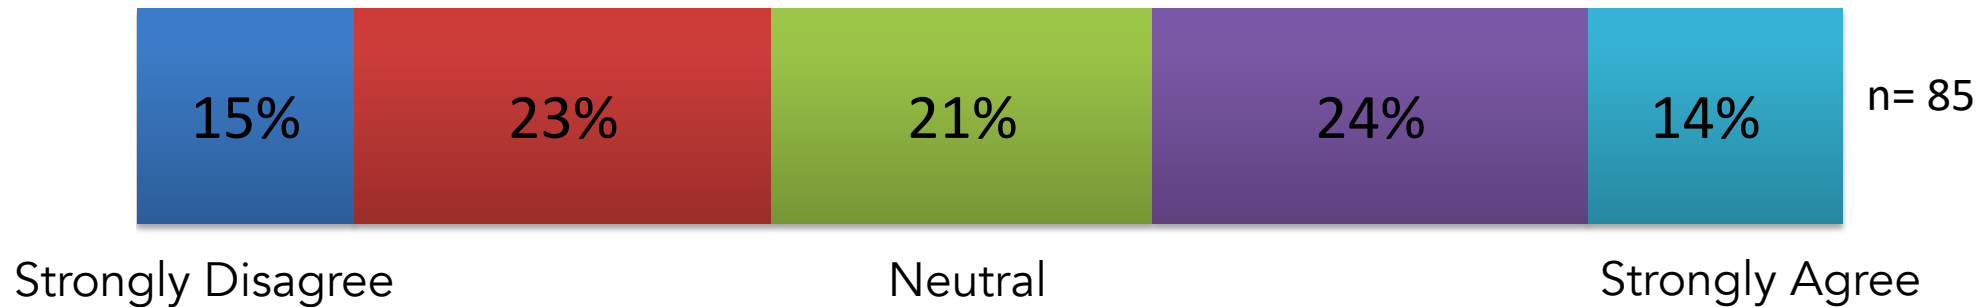

## Who assess competency of your fellows in EBUS?

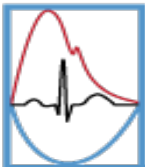

# ABIM should include Endobronchial Ultrasound – guided biopsy as a required procedure for Pulmonary board eligibility

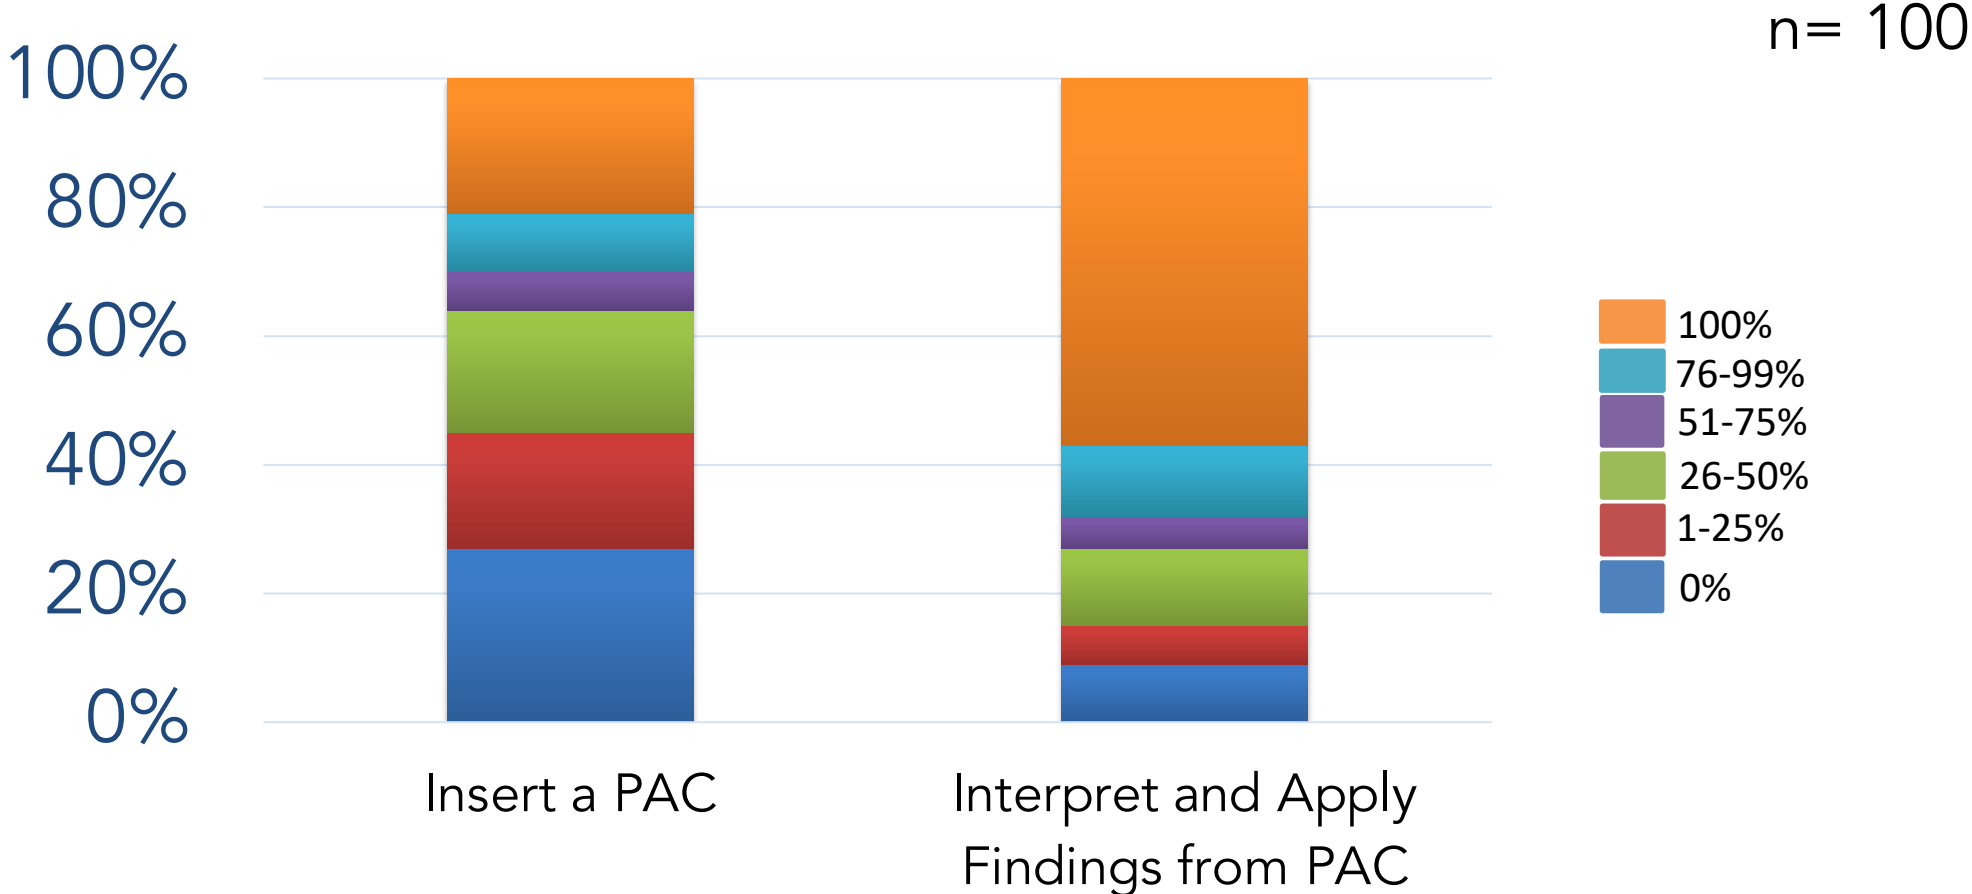

TOPIC 5

# Pulmonary Artery Catheterization

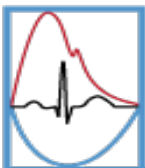

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

# How many graduating fellows consistently demonstrated competent and independent performance by year-end

TOPIC 7

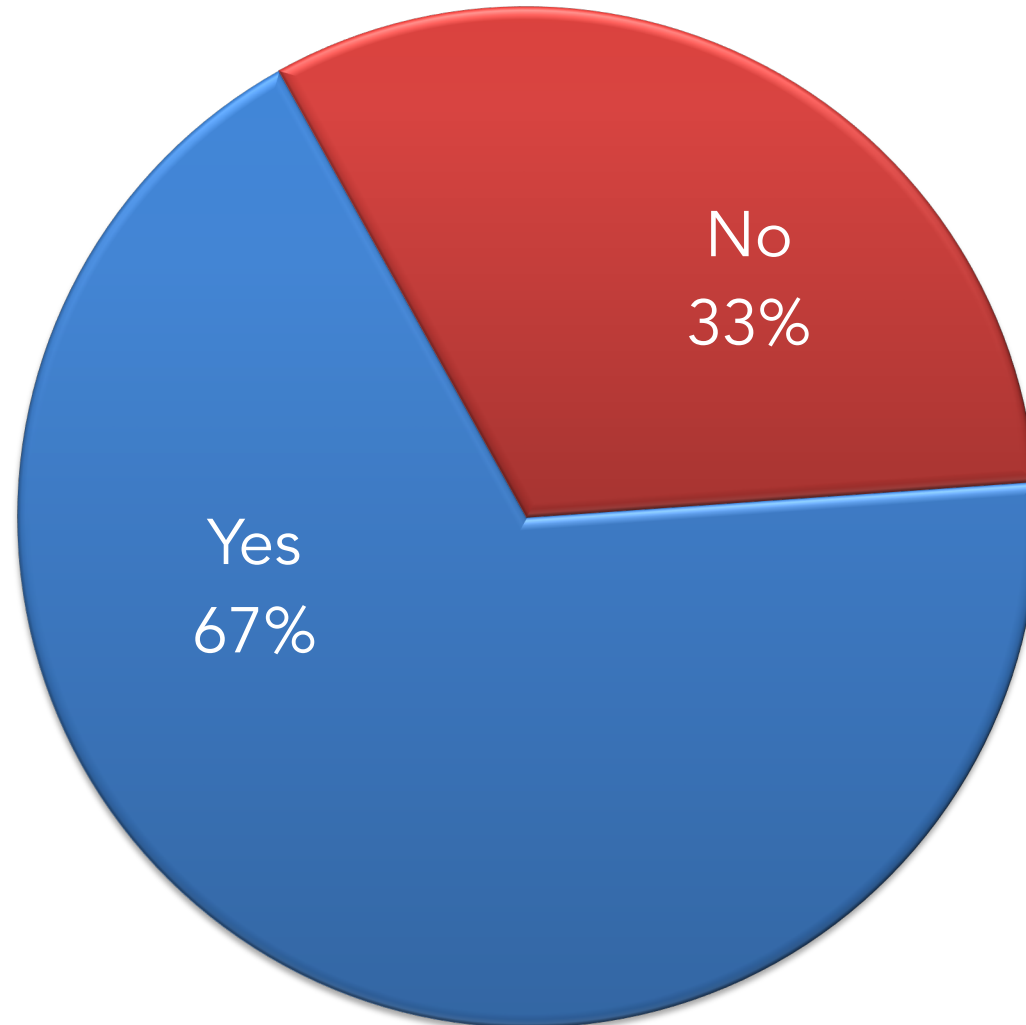

# Fellowship Curriculum

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

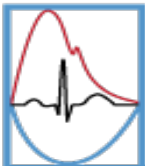

Does your Program Provide Training in health equity, healthcare disparities, and healthcare justice?

n= 100

TOPIC 8

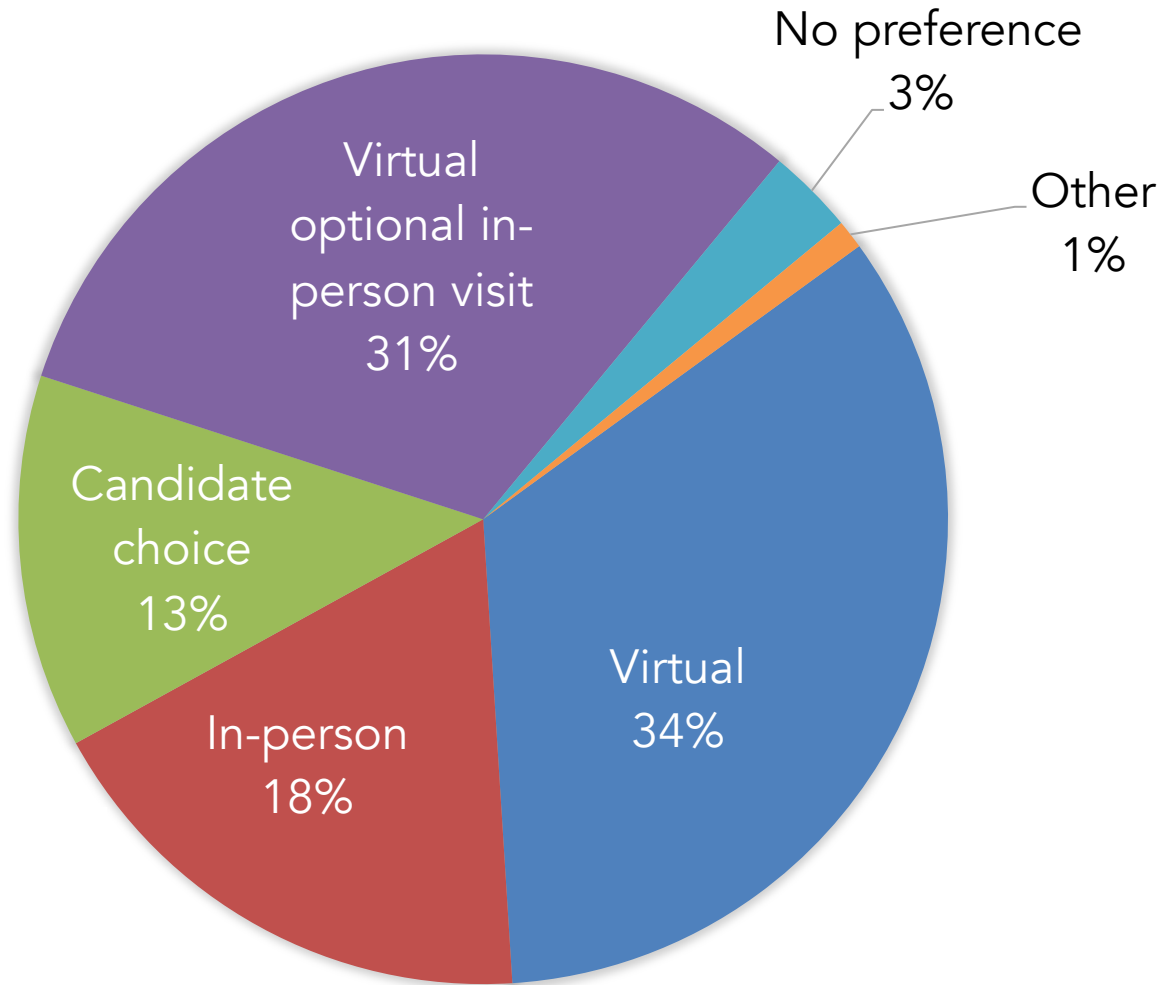

# Fellowship Application

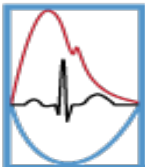

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**

# Preferred interview format for fellowship recruitment

n= 100

# Questions?

**Association**  
of Pulmonary and  
Critical Care Medicine  
**Program Directors**
